DEMOCRATS FAVOR CANADIAN TREATY

Library of Congress

Favorable Action on Reciprocity Agreement Assured at Democratic Caucus Last Night

PLEDGED VOTE OF THE PARTY

Congressman Webb, of North Carolina, Spoke in Opposition—Action of Caucus Made Unanimous—Resolution.

Washington, Feb. 6.—Favorable action of the House on the Canadian reciprocity agreement was assured tonight when the caucus of Democratic representatives formally pledged the party to vote for the agreement.

The resolution endorsing the Canadian agreement was carried 90 to 22. On motion of Mr. Clark, of Missouri, the action of the caucus was made unanimous. The 22 who voted against the resolution, it was explained later, were those who had voted for free lumber, etc., and the action in caucus was to make their position consistent. It was stated that they would vote with the party.

The resolution as adopted by the caucus follows:

"Whereas the reciprocity agreement negotiated by the reciprocity commission of the Dominion of Canada and the President of the United States, while no formulated in accordance with Democratic platform demands a reduction of some of the prohibitive schedules in the Payne tariff law and will tend to expand the trade of the United States in the Dominion of Canada and is in part a recognition of the principles the Democratic party has contended for in the Congress and in its platforms; therexore be it,

"Resolved, That this caucus endorse the Canadian reciprocity agreement and bind ourselves to vote for a bill carrying it into effect."

The caucus unanimously adopted a resolution by Mr. Cantrill, of Kentucky, declaring that the caucus believes that every American farmer should have at his disposal, "the information of the production and stocks on hand of agricultural products and pledge ourselves to attempt to bring about that end by legislation."

The reciprocity Democrats were given free rein at tonight's caucus of the House Democrats at the capitol.

Most of those opposed to the Canadian agreement submitted by President Taft expressed their views and a number dwelt upon the fact that the bill incorporating the agreement should not pass without amendment. Amendments, of course, would invalidate the entire agreement.

More than one hundred attended the caucus. Champ Clark, of Missouri, the minority leader, and Mr. Underwood, of Alabama, lead the movement to endorse the reciprocity agreement, both of them declaring for it unequivocally.

Messrs. Hammond, of Minnesota; Brantley, of Georgia; Webb, of North Carolina; LeGare, of South Carolina, and others spoke in opposition.

Mr. Brantley urged postponing all such legislation until the next Congress rather than put on the statute book a measure that will used by the Republicans as campaign material. Mr. Brantley objected also on the broad ground of the disadvantage that such legislation would impose upon the raw materials of the producer and he expressed the belief that there is no occasion to rush through any such plans, because of the painstaking work that soon will be undertaken by a tariff-making body of a Democratic Congress.

He suggested that reciprocity would let Americas automobiles into Canada cheaper, but operate disadvantageously on the American farmer. Mr. Webb talked similarly as to raw materials.

Mr. Webb announced that he could not vote for a blow at raw materials. These Democrats invoked the caucus rules which exempts a man from the binding effects of caucus action when he has made a pledge to the contrary to his constitutents. Webb, of North Carolina; Pujo and Boussard, of Louisiana, and Hammond, of Minnesota.

All these had made pledges to their constitutents to vote for raw materials as against the manufacturers.

Mr. Glass, of Virginia, opposed reciprocity and Mr. Hardy, of Texas, favored.

The reciprocity agreement was embodied in the McCall bill which was the measure directly before the caucus.

HAD PICTURESQUE CAREER.

"The Kipling of the Bowery" Dies in New York.

New York, February 6. — Owen Kildare, sometimes called "The Kipling of the Bowery," is dead. Broken in health and spirit, he died on Saturday in the Manhattan State Hospital for the Insane, at Ward's island, but the news did not become generally known until tonight.

Kildare was 47 years old and had a picturesque career. He was successively newsboy, professional pugilist, newspaper writer and, finally, author and playwright.

BURTON IS AGAINST LORIMER

Ohio Senator Defended Senior Illinois Member from Injustice and Declared Lorimer Elected by Fraud.

Washington, Feb. 6.—A defense of [illegible]or Cullom, of Illinois, formed the [illegible]triking part of an address made in the Senate today by Senator Theodore Burton, of Ohio, in opposition to the report of the Committee on Privileges and by which Senator Lorimer, of Illinois, was exonerated from the charge of obtaining his seat by means of bribery.

The reference to Senator Cullom, who is Mr. Lorrimer's colleague, was called out by a statement made in the Senate by Senator Bailey, of Texas, during the excitement incident to the close of Senator Root's arraignment of Mr. Lorimer last Friday. Speaking of the existence—for years of a "jack-pot" found in connection with the sessions of the Illinois Legislature, Mr. Bailey, who supports Mr. Lorimer, said that the means used to elect Mr. Lorimer were the same as had been employed in the election of Mr. Cullom.

Mr. Burton said: "The Senator from Texas, no doubt, unwittingly did an injustice to the Senator from Illinois in some remarks last Friday, in averring that if Mr. Lorimer's is invalid so is that of the senior senator. One conclusive answer to any such groundless inference is the method of the election of Mr. Cullom. He was nominated at a primary by a majority of 50,000 votes and it would be most unjust to him to compare the circumstances under which he was chosen with the corrupt and dishonest methods prevalent in the Legislature in 1909."

Mr. Burton discussed the allegations against Senator Lorimer largely on legal grounds. Without attempting to unravel the testimony, he proceeded upon the theory that certain facts had been proven and then undertook to show through precendents established in the United States and Great Britain that the election by the Illinois Legislature had been tainted and therefore was invalid.

Summing his conclusions Mr. Burton found it "perfectly evident that fraud was so rampant and dishonesty so widespread in this election that it is impossible to separate the sound votes from the unsound votes.

"When," he added, 'there is indubitable proof and here, that fraud and bribery had been resorted to, no one can derive from the cesspool of corruption any conclusion except that in election. Undoubted proof is available not only to show that a sufficient number of bribed persons cast their votes for Mr. Lorimer to invalidate his election, but also that on other grounds than this there was not a valid choice.

"There are strong arguments to sustain a presumption that not only 7, 8, 9 or 10 were corrupt, but that possibly thirty cast their votes under the influence of bribery or dishonesty."

MISS GOULD WEDS TODAY.

Foreigner With Title Wins Fair American Bride.

New York, February 6.—Miss Helen Vivien Gould and Colonel John Grahame-Hope de la Poer Horsley Beresford, Baron Decies, and she in a short skirt, he in a sack suit, walked through a rehearal today of their marriage at St. St. Bartholomew's church, at 4 o'clock tomorrow afternoon.

None but the bridal party—the six bridesmaids, the two pages, the ushers, the best man, the bride and groom themelves and their intimate relatives, were admitted, but a crowd of the idle inquisitive, reporters, photographers and cranks jostled about the church railings.

The greenery was in place this afternoon, but the color scheme of the floral decorations is being kept a secret.

"People will just have to guess," said Miss Vivien, her face sparkling with fun. "None of the bridesmaids has yet seen the wedding dress. That, too, is being kept a secret.

"It's from New York, and it's from Paris, and it's white, and that's really all there is to it, you know," said Kingdon Gould.

There will be no public display of the wedding gifts, but one estimate has it that they number 300, and represent a value of $100,000. The cost of the trousseau and the bridesmaids' gowns is placed at $30,000, and the cost of the church decorations at $20,000.

Miss Gould is 18 and Lord Decies 44. She is the second daughter of George J. Gould, and a grand daughter of Jay Gould.

Lord Decies is a member of the Irish peerage, has been in the British army twenty-three years and is a devoted horseman. He and Lady Decies will leave for Egypt and the upper Nile on an extended tour. The place of the honeymoon has naturally been kept a secret, but it is supposed to be the Gould country place, Georgian Court, at Lakewood, N. J.

Savannah, Ga., February 6.—Lord Decies and his bride-to-be, Miss Vivien Gould, who wed tomorrow, will spend the first of their honeymoon on Jekyl Island, Georgia, according to an announcement here today.

New York, Feb. 6.—Sammy Kellar, England's champion bantam-weight, easily outpointed Tommy Houk, of Philadelphia, in a ten round bout at the Olympia Athletic Club tonight. Kellar scored the only knockdown in the third round. He was clearly Houk's superior all the way.

BLAME THE COUNT FOR MURDER PLOT

DeLassy Occupied Center of Stage in Russian Trial Yesterday

LETTER MAY SOLVE NYSTERY

Dr. Pantchenko Tells of Gruesome Meaning of Letter—Question Whether Count Wrote It or Not—Features.

St. Petersburg, Feb.6.— Count Patrick O'Brien de Lassy, who with Dr. Pantchenko, is being tried for the poisoning of Count Vassali Bouturlin, occupied the center of the stage at the proceedings today. The prosecution is endeavoring to establish that DeLassy wrote a letter to Pantchenko relating the plan to poison both Bouturlin and his son.

The letter which was typewritten, was found among Pantchenko's papers at the time of his arrest. The envelope was missing and Pantchenk explained that he had thrown it away. The authorship of this letter has been attributed by Pantchenko to DeLassy, who stoutly denies this. As a test DeLassy was instructed to recopy a portion of the letter on his own machine, which was brought into court today. Surrounded by gendarmes and typewriting experts he wrote two lines with difficulty and then feigned eye fatigue. An examination of the lines showed that he had made one gross error.

The experts were about evenly divided. One government expert declared that the letter had been written on DeLassy's machine, another said that it was written on a Union machine, but that it was impossible to state whether it was DeLassy's or somebody else's. One expert, for the defense, declared definitely that the letter had not been written on DeLassy's machine. Others took the ground that the data was not sufficient to warrant any conclusion.

The interpretation of the letter is also presenting difficulties. The letter bears no date, and reads as follows:

"Dear Doctor: Received your letter, but could not see you, as I was not alone. Could do nothing here, as the weather was too cold for iodine, but but will commence in short while. Shall soon come. In expectation, study well technical side of the question. Your patient will arrive on the twelfth. Accept best greetings for New Year, till we meet soon. Go to the ministry."

In his confession Pantchenko explained that "iodine" referred to the plan to poison General Bouturlin, and that the words "technical side" referred to the plan to poison young Bouturlin. In his testimony yesterday, however, Panchenko said that "technical side" had no reference to Bouturlin, but probably referred to a plan to open a sanitorium at Vitna or a laboratory or other business project, which he had discussed with DeLassy. The question of poisoning General Bouturlin is not concerned in the present case, and Pantchenko allowed himself greater latitude regarding the interpretation of the passage referring to "iodine."

He explained that "iodine" did not refer to a scheme to dispose of General Bouturlin, but to the preparation of one of the tablets of iodine which General Bouturlin was in the habit of taking. The plan was to bore a hole in the tablet and drop a poisonous powder therein, sealing the tablet up again. Pantchenko said that he gave DeLassy a quantity of sulphuric magnesia for this purpose. Pantchenko made no objection to the remark of the remedial experts that this compound was harmless, as his plan of defense seems to show that DeLassy proposed the poisonings and that he himself pretended to agree to the carrying out of the plot for the sake of the money, but that he did not employ any effective means to this end and that "Count Vassalli Bouturlin's death was purely accidental."

Count De Lassy's attitude apparently is that he has been made the victim of blackmail.

VIRGINIA FAIR CIRCUIT.

Formed at Lynchburg Last Night—Officers Named.

Lynchburg, Va., Feb. 6.—Representatives from Galax, Tazwell, Radford, Roanoke, Martinsville, Richmond, Lynchburg, Petersburg, Danville, Suffolk, Farmville and Emporia here tonight formed the Virginia Fair Circuit. The race meets, all of which are to be held with agricultural fairs, will begin September 6th, at Galax, and close November 3rd at Emporia.

The officers: J. H. Patterson, of Petersburg, president; F. A. Lovelock, of Lynchburg, vice president, and J. P. Flippo, of Roanoke, secretary-treasurer.

Galax, Taxewell, Roanoke, Radford and Lynchburg have been connected with the Virginia-Carolina Georgia circuit for several years, but drew out to become identified with the new schedule.

I love my "Oh You Dream," but "Oh You Orchestra!" Grand **

NEW PARLIAMENT IN SESSION

Reciprocity With Canada Criticised at Formal Opening—King George Attended Ceremonies—General Situation.

London, Feb. 6.—The formal opening of the new Parliament today was marked by gorgeous ceremony and was attended by King George and Queen Mary and their suites, most of the dignitaries of the Empire, many members of the diplomatic corps, and all others who could crowd within the doors of Westminster.

The speech from the throne was brief and formal and made small reference to the great issues that underlie the assembling of the members for the present session. It opened with a filial reference to the death of King Edward. The only references to foreign affairs were a mention of the fact that negotiations had been opened with Japan for a new commercial treaty, and an allusion to the friction in Persia over the disturbance of British trade routes. A casual expression of interest in the approaching imperial conference was made.

Only proposed legislative measures were mentioned specifically. "Proposals," said the King, "will be submitted without delay for settling the relations between the two houses of Parliament with the object of securing an effective working constitution."

Both Lord Lansdowne, in the House of Lords, and A. J. Balfour, in the House of Commons, the respective leaders of the opposition, took occasion to denounce the reciprocity agreement between the United States and Canada but the evening session of Parliament was mainly devoted to getting the legislative ship under way.

Premier Asquith gave formal notice of the veto bill and his intention to claim the whole time of the House until the Easter recess to get the veto bill disposed of before the coronation.

Lord Lansdowne intimated that the House of Lords was still ready to negotiate with the government on the necessary changes in the constitution of the upper chamber and the relations between the two Houses. James Ramsey McDonald, who today was elected chairman of the labor party, to replace George Nicholl Barnes, who retired on account of illness, characterized Mr. Balfour's description of the reciprocity agreement as an imperial disaster as the most awkward and colossal blunder he had ever heard in Parliament.

The prime minister, in answer to the opposition speeches, said that for the present it would be wise to withhold criticism of the reciprocty agreement. It was as certain as the rising of the sun that sooner or later the United States would have been bound to level the tariff wall with Canada.

It is expected that the debate on the address will be carried over into next week.

FOUR DEAD IN UPRISING.

Pitched Battle Between American and Greek Miners.

Salt Lake City, Utah, Feb. 6.—An armed uprising of Greek coal miners at Kenilworth, Carbon county, Utah, was suppressed today after four men had been killed, one fatally wounded and several others slightly hurt by flying bullets.

Tonight rioters, nearly 200 in number, are retreating through the hills in scattered bands with Helpers Station, on the Rio Grande railroad, as their objective. Posses numbering altogether about 300 men are chasing the Greeks to prevent their escape.

As the latter are armed further figthing is expected.

The trouble began last Friday when the Greek miners complained that discrimnation was shown in the weighing of coal in favor of Americans. A proposal from the mine superintendent that they appoint their own weighers failed to give satisfaction.

This morning the Greeks took to the foot hills and began a desultory fire on the Americans, who were going to work. In attempting to dislodge the sharpshooters, Deputy Sheriff Thomas Jackson was killed and another deputy was fatally wounded. When two of the Greeks had been killed, one mortally wounded and five others captured, the rest took to flight.

OUTLINES.

Favorable action on the Canadian reciprocity agreement by the House was assured last night at a Democratic caucus. The vote was made unanimous and a resolution was adopted after considerable discussion, in which opposition to the treaty was heard——Count DeLassy was the center of the stage in the famous trial in Russia yesterday and is blamed with having plotted with a physician, also on trial, to kill two persons——An inquiry will be made in the sensational incident in the House last Saturday, when Representative Macon, of Arkansas, denounced a newspaper man——Senator Burton, of Ohio, yesterday spoke in defense of the senior member in the Senate from Illinois, and declared the Lorimer election was by fraud.

New York markets: Money on call, steady, at 2 to 2 1-2 per cent.; ruling rate, 2 3-8; closing bid, 2 1-4; offered at 2 3-8; flour, quiet; wheat, spot, easy; No. 2, red, 97 1-2, elevator, and 98 f. o. b. afloat; corn, spot, steady; New No. 2, 53 1-4 f. o. b. afloat; oats, spot, steady; futures closed a quarter lower; turpentine, firm; spot cotton closed quiet, 20 points lower; middling uplands, 14.45; middling gulf, 14.70.

ATTACK OF MACON TO CAUSE INQUIRY

Sensational Incident in House Will be Investigated by Committee

WOULD RESORT TO SHOT GUN?

Lodge Opposes Popular Vote of Senators in Senate Speech—Declare It Would Cause Controversies—Details.

Washington, Feb. 6.—A thorough investigation is to be made into the sensational incident which occurred in the House last Saturday when Representative Macon, of Arkansas, made a bitter verbal attack upon a newspaper man because of an article which appeared in a local paper.

The proposed inquiry is to be undertaken as the result of the adoption by the House today of a resolution offered by Representative Gardner, of Massachusetts, providing for an investigation of the incident by a subcommittee of the Judiciary Committee. This committee is to report its conclusions to the House by February 18th.

The action of the House followed an address by Mr. Macon today when he referred to an experience upon the adjournment of the House on Saturday when he declared he was approached on the floor of the House by a newspaper reporter, whom he had previously, during the session, denounced as a "wilful, deliberate liar, a dirty little pilferer of words, and a contemptible little ass."

The reporter, Mr. Macon said, called him a liar. "But he was well away from me when he did it," added Mr. Macon.

Mr. Macon also asserted that the reporter was accompanied to the floor by a number of his friends from the press gallery.

"The question is just this," Mr. Macon concluded, "are the members of this House to be protected by the constitution, or must they protect themselves with shot guns? If the latter is to be the policy, I want to get my gun today."

Mr. Macon insisted for some reason the newspapers had been unfriendly to him ever since he came into the House.

Lodge Against Direct Vote.

Resistance to the uttermost of the attempts to transfer from Congress to the various State Legislatures the control of the time and manner of electing United States Senators as proposed by the resolution providing for their election by direct vote of the people, was advised by Senator Lodge, of Massachusetts, in a speech in the Senate today.

Mr. Lodge was speaking in opposition to the proposed new amendment to the constitution as a whole, but he found an especial mark in the portion placing the direct management of the detail of senatorial elections in the various State Legislatures.

Declaring that the proposed change in this respect "strikes at the very foundation of the National government," Mr. Lodge said that the plan violates the plans of the framers of the constitution.

"It is now proposed," he continued, "to put the United States government, so far as the election of Senators is concerned, at the mercy of the States. It is proposed to take from the United States any power to protect its own citizens in the exercise of their rights, no matter how great the need might be for such protection. If this amendment should become a law, 23 States including perhaps only a minority of the population, could at any moment arrest the movement of the government and stop all its operations.

The senator denounced as a "mockery" the "pretense" that the proposed legislation is progressing. Not only was it a mockery, but it was retrogression and reaction of an extreme kind.

"If adopted, it would," he said, "carry the government back to the controversies and the struggles out of which the constitution was born and which beset and endangered the infancy of the United States."

ASHSHURST PROBABLY HIDING.

Believed That Philadelphia Postmaster Was Not Drowned.

Atlantic City, N. J., Feb. 6.—Positive information has been secured by Federal agents here that Postmaster Richard L. Ashshurst, of Philadelphia, missing now for a week, prepared for his departure last Monday afternoon, a few hours before he disappeared. It has been learned that his mind was apparently normal at the time.

A message was sent by the aged postmaster on Monday afternoon to some person in Philadelphia, New York or Washington, telling of his probable "absence for several days." It is known here that investigation is now being made to ascertain the connection of the person to whom it was sent.

It is believed that the government investigators are aware of the contents of the message, and that it explains partly, at least, the belief now becoming general here, that Postmaster Ashshurst planned his departure from Atlantic City.

THE NEGROES STILL AT LARGE

Another Day of Fruitless Search for Perpetuators of Wilson Tragedy —Rumors Fly Thick and Fast—Chief Alive.

(Special Star Telegram.)

Wilson, N. C., Feb. 6.—Another day of fruitless search for the murderers of Deputy George George Mumford ended tonight, although there has been no let up in the efforts. At noon today a report came from Kenly that Lewis West, the chief desperado, was seen near that scene this morning and a detachment of troops were sent there only to receive news that this negro had left south on foot.

The soldiers proceeded to Selma, 12 miles beyond Kenly but there were no developments. A negro gave Sheriff Sharp a tip this afternoon that one of the gang was in a certain house in town and a large armed force surrounded that section and searched many houses but in vain.

Chief Glover's condition is considered better today, states Dr. Dickinson, of the Wilson Sanitorium. He added that Mr. Glover is resting well.

The total rewards now offered amount to about $1,700: State $250, County $250, City $250, Citizens $800.

Demos Harris, the negro who made the remark Saturday that he was glad Mumford was killed, was this morning sent to the roads for thirty days.

Saturday night's clues that the negro desperadoes had been located, failed to materialize Sunday morning. The latest developments in the matter are the arrest of Jim Simms, a negro who is said to have been in the house of Mary Young at the time of the shooting, and a message to Sheriff Sharp from Sheriff McGeachy, of Cumberland, to the effect that Lewis West, the mulatto leader of the gang, was seen at his home near Fayetteville this afternoon.

From Fayetteville.

Fayetteville, N. C., Feb. 6.—Late Sunday evening word was received by Chief of Police Smith that two lads in the woods north of Fayetteville saw two negroes with guns. The negroes called to the lads to stop, but they ran towards the city, the negroes followed for some distance. The lads said they heard others talking behind a hill near the spot where they first saw the negroes, and were convinced there were several more in the gang. Smith and Mayor McNeill instituted a search but found neither negroes nor clue.

About 5 o'clock this evening a telephone message came to Sheriff McGeachy, from Holt Morgan Mill village, in the suburbs, that three negroes believed to be West, the murdered of the Wilson county deputy and two pals, were in a swamp nearby. A posse went at once to the scene but found that the rumors were false. Officers are vigilant and determined to arrest the criminals if they are in the vicinity. The air is ripe with rumors which prove to be but emanation of vivid imaginations. West was born and raised in Fayetteville and has been a criminal for years.

About dark this evening the northbound Atlantic Coast Line freight train left the track just outside the Southern city limits. It is said travel wil be delayed several hours.

One of Gang Captured.

Selma, N. C., Feb. 6.—A negro named Stutson, one of the gang of negroes charged with being implicated in the murder of Deputy Sheriff Memford and the shooting of Chief of Police Glover, at Wilson, last Friday, was captured here tonight by Sheriff Sharp, of Wilson, and posse, and taken to Wilson immediately. The negro West, the main offender, is still at large, though posses have not ceaesd the hunt.

MRS. N. O'BERRY STRICKEN.

Goldsboro Lady, Highly Esteemed is in Extremis.

(Special Star Telgram.)

Goldsboro, N. C., Feb. 6.—The whole community is deeply distressed over the sudden prostration yesterday morning of Mrs. N. O'Berry by a stroke of paralysis involving her entire left side, and from which, though perfectly conscious, she has not rallied. Capt. O'Berry and her children have been themselves almost prostrated by the sudden and sad visitation for surely was there never a more devoted family than this happy home circle upon which so sudden a cloud has lowered and which we all hope may be speedily lifted. There has been no change in Mrs. O'Berry's condition and her affliction is of such a nature that even the most skilled physicians can give no opinion as to results, while hosts of friends wish that she may be vouchsafed an early recovery.

WOMAN LEOPARD'S VICTIM.

Attacked and Fearfully Injured in Norfolk Theatre.

Norfolk, Va., Feb. 6.—Preparatory to going on with her act of trained leopards, Mlle. Pauline, at the Majestic Theatre today, entered the cage and was knocked down by the biggest beast. The leopard buried his claws in her right shoulder and bit a large piece of flesh from her face. The woman's screams brought the stage hands and other performers to her rescue, but not until the beast had lacerated her arms from the shoulder to her wrist.

Two doctors worked an hour on the woman sewing up the terrible wounds inflicted by the beast before she was sent to a hospital. Physicians say she will recover.

MORE STRINGENCY IN LIQUOR LAWS

Kent Bill Goes Over to Senate and Ewart Presses the House Bill

MAKES BUYER ALSO GUILTY

Wilson Tragedy Referred to—Western Teachers' Training School.—Entertainment for Legislators—Proceedings.

(Special Star elegram.)

Raleigh, N. C., Feb. 6.—The Kent bill prohibiting near beer and similar drinks that passed the House last week came over to the Senate today and was re-referred to the Committee on Propositions and Grievances. The Senate spent some time discussing the automobile speed bill designed to give aldermen of towns the power to regulate speed higher, if they desire, than the present State law allows. Much diversity of opinion developed and the bill went over to another day.

Senator Martin introduced a bill to authorize telephone, telegraph and electric light gas companies to make changes in public highways when necessary and the regulations will permit.

The Wilson tragedy of the killing of Deputy Sheriff Mumford and the thus far futile search for his desperado slayer, Lewis West, colored, was brought to the attention of the House of Representatives this morning when Representative Connor made a statement to the effect that the negroes of Wilson are as emphatic as the white people in their condemnation of the dastardly crime and are lending every aid in the effort to run down the criminal.

Representative Spainhour introduced bills to allow sheriffs of counties $40 for each person convicted of operating distilleries and $5 where conviction fails and a bill to allow conductors to collect only five cents extra for fares paid on trains where the distance is 30 miles or less instead of 15 cents extra.

Representative Ewart offered further amendment to his drastic bill to make prohibition more effective in North Carolina so that it would make it a misdemeanor to buy whiskey from a blockader or blind tiger, in other words, the buyer equally guilty with the seller.

The House Committee on Liquor Traffic heard argument this evening on the Ewart bill. Then further hearing was postponed until Wednesday afternoon. It carried Ewart's amendment making it a misdemeanor to buy blockade or blind tiger liquors as well as to sell it.

The bill of Senator Martin to establish the Western North Carolina Teachers' Training School gets a favorable report from the Senate Committee on Education with a request that it be referred to the Appropriations committee.

The Biological Club of the A. & M. College gave a reception tonight to members of the General Assembly. Assisting in entertaining were 200 young ladies from St. Mary's and Meredith Colleges The students of the Music Department of Peace Institute also entertained a number of members of the Legislature tonight with an admirable concert. The faculty received informally after the concert.

Electric Light Companies.

The Senate Judiciary Committee gave a lengthy hearing this evening to opponents of the Lemmond bill, designed to prevent monopolies in electric light, gas and electric light corporations. James H. Pou and President Chas. E. Johnson, and General Manager H. H. Carr appeared for the Carolina Light and Power Company, Raleigh; A. B. Skelding and T. W. Davis, for the Consolidated Railways, Light & Power Co., of Wilmington, and Mr. Bridgers, for the Henderson Co., and were the principal speakers, all opposing the bill on the ground it would not attain the object intended and might work hardships in many cases. They urged with unanimity that the time is close at hand when the Corporation Commission should be given power to control rates. It was stated that another bill is understood to be in preparation to be introduced that might come nearer meeting the conditions. Senator Lemmond agreed to hold up his bill to see what it would contain, reserving the right to urge his bill anyway, if the new one does not suit him. It is understood that the new bill is a general anti-trust bill being prepared by Representative Connor to be introduced in both Houses.

Senate—34th Day.

President Newland convened the Senate at 12 o'clock, Rev. Mr. Poe making the invocation.

Senator Sikes, of Wake, offered a petition from citizens of Little River, Wake Forest township, Wake county, protesting against the formation of Ransom county.

Bills Introduced.

Martin, of Buncombe: Authorize telephone, telegraph, gas and electric light companies to make changes in public highways when necessary; also authorize State librarian to employ another assistant.

McDonald, of Moore: Relative to

(Continued on Page 8.)

MEMORIAL CHAPEL DEDICATED

Impressive Service Held at Winter Park's Handsome House of Worship Sunday Afternoon—Large Congregation.

With impressive and helpful services, the new and handsome Memorial Chapel at Winter Park Gardens, erected with the savings of George and Blanche Chadbourn, children of Mr. and Mrs. James H. Chadbourn, of this city, who were called from earth by their Master in tender years, and whose memory the house of worship will perpetuate, was formally dedicated to the service of God Sunday afternoon in the presence of a congregation that filled every seat in the edifice, a large number of whom were from the city.

The beautiful little house of worship is situate near where the Masonboro road enters the turnpike, substantially built, attractive in appearance and handsomely finished, both inside and out, and is a gift that is deeply appreciated by the rapidly growing population of Winter Park Gardens and is an entirely appropriate memorial to the lives and characters of the children, who early in life gave evidences of great piety and faith in God. The edifice was completed some two or three weeks ago and Sunday School is held regularly every Sunday afternoon and preaching services are held at regular times.

Sunday afternoon the church was crowded for the dedication of the edifice to the worship of God. The services began with the singing of a hymn, after which prayer was offered by Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church, after which the Scripture lesson was read by Mr. Andrew J. Howell, assistant pastor of the First Presbyterian Church. After the singing of another hymn, the building was tendered to the trustees by Mr. C. H. Robinson, in the absence of Mr. Wm. H. Chadbourn, chairman of the building committee, Mr. Robinson reading the following paper, which had been prepared by the chairman of the building committee:

"As chairman of the building committee in delivering the keys of this Memorial Chapel to the chairman of the board of trustees of the First Presbyterian Church of Wilmington, completed and free from any debt, it may not be inappropriate for me to say a word or two in regard to it.

"This beautiful building now to be dedicated to the service of God was built with the youthful savings of George and Blanche Chadbourn, who died in their youth, several years ago.

"The only consolation we can have in the loss of our loved ones in their youth, is the realization that God gives everyone of us a mission to perform in His service, while on earth, and this being accomplished, He takes us to a higher sphere to perform other missions for Him.

"God intended that this little community should have a church building, and but for the life and death of these two children, it might have been many years before such a building as this would have been erected.

"Now, who can say that George and Blanche Chadbourn lived and died in vain?"

On behalf of the board of trustees of the First Presbyterian Church the building was received by Col. John D. Taylor, the chairman, in a few very appropriate remarks, and he then turned the building over to the session, being received by Mr. B. F. Hall, who made a helpful and inspiring talk on the appropriateness of such a gift and of the great possibilities for the winning of souls for the Master through the instrumentality of this attractive edifice.

The dedication sermon was delivered by Rev. Dr. John M. Wells, pastor of the First Presbyterian Church, using as his subject "The Holiness of God," basing his remarks upon Isaiah 6th Chapter and part of the 3rd verse: "Holy, holy, holy is the Lord of Hosts." It was a great sermon, delivered in Dr. Wells' usual eloquence. Following the sermon the dedication prayer was offered by Rev. J. M. Plowden, after which the services came to a close with the doxology and the benediction pronounced by Mr. Plowden.

MANY ARE INTERESTED.

Fleischmann's Cooking School Attracts Large Crowd of Ladies.

Wilmington housekeepers turned out in large numbers yesterday to attend the Cooking School which is in charge of Mrs. E. W. Sloan.

Each woman who attends these afternoon lectures is given a Fleischmann Cook Book, and the taste of the delicious dishes, today a specialty will be "Peach Basket." This is a delicious dish in season when strawberries, raspberries and other seasonable fruits are used. Mrs. Sloan is an artist in substituting canned goods for fresh fruit and her substitution is hardly discernible, only she never "fakes" anything. Any lady that does her own baking and needs any points or helps can call upon Mrs. Sloan any morning or afternoon. Everything is free, nothing is sold or offered for sale. Wilmington housekeepers should turn out in large numbers and get the benefit of the many new pointers being shown by Mrs. Sloan. These demonstrations will continue each afternoon beginning at 2:30, in the Woolvin building, No. 221 Princess street.

SCRATCHED FOR 40 YEARS.

Used D. D. D. Six Months—All Itching Gone!

This is the actual experience of Anne Croman, Santa Rosa, Cal., with the wonderful D. D. D. Prescription.

D. D. D. is the proven eczema cure, the mild wash that gives instant relief in all form of skin trouble.

Cleanses the skin of all impurities—washes away blotches and pimples, leaving the skin as smooth and healthy as that of a child.

Get a 25c trial bottle of this wonderful eczema cure today and keep it in the house.

We know that D. D. D. will do all that is claimed for it.

BIG YACHT FOR FISHING CRAFT

Susquehanna Purchased by Ocean Fisheries Arrived in Port Yesterday—Handsomest Ever Seen Here—Details.

The handsome steam yacht Susquehanna recently purchased in New York by the Ocean Fisheries Co., to be converted into a fishing craft, arrived yesterday and is the largest and best fitted up yacht that ever came to this port.

The yacht went ashore just below Southport late Friday night and the revenue cutter Seminole, Capt. Crisp, pulled on her without success Saturday morning. She was not as badly ashore as at first reported and was floated with little difficulty and without damage in any particular Sunday at noon by the fishing boat Colburn, assisted by the steamer Madeleine.

The Susquehanna is 180 feet long, was purchased by the Ocean Fisheries from Mr. W. J. White, of New York, having been used for a number of years as a private yacht. She is elegantly fitted up throughout. Capt. J. F. Bussells, of the Ocean Fisheries, who negotiated the deal for the yacht, brought his family down on the vessel from New York and they had a splendid voyage. The Susquehanna is capable of making 17 knots an hour, and was built by John Strickney at a cost of $123,000 at Wilmington, Del., in 1887. She has changed hands several times and is a speedy craft, substantially built for long sea trips.

Capt. Bussells stated yesterday that the Ocean Fisheries had contemplated building a boat about the size of the yacht, but found it more advantageous to purchase the yacht, which, converted into a fishing craft, will answer the same purpose. He further stated that the yacht when changed for the fishing service, will carry as many fish as both the steamers Compton and Colburn, now owned and operated by the company. The general lines of the handsome yacht will remain as at present, and will not be affected in the least by changing it for the fishing business.

The yacht was moored yesterday at the wharf of Mr. J. W. Brooks, near foot of Market street, and was visited during the afternoon by many people who greatly admired the craft. She will go to the Ocean Fisheries today, where work will begin placing her in readiness for the company.

CONDITIONS IN CHINA.

Subject of Fine Missionary Address Last Night by Dr. Woods.

This week is being observed by the First Presbyterian Church, of this city, as "Missionary Week" and special services are being held every evening. The first service was held Sunday evening, Rev. Dr. Henry W. Woods, of Tsing Kiang Pu, China, being the speaker, making a very strong and effective address on the missionary work in the foreign field. He was again the speaker last night, when conditions in China was his special theme. There was a large congregation and his remarks were listened to with the greatest interest by all. Tonight the speaker will be Rev. Dr. W. D. Reynolds, missionary to Korea, and one of the ablest missionaries in the field. He arrived yesterday and was at the service last night. The public is invited to attend all of the services. The meeting last night was presided over by Rev. J. S. Crowley, pastor of Immanuel Presbyterian Church.

VESSELS ARE ARRIVING.

Three of Large Number Bound Here Reached Port Yesterday.

Of the fleet of some 15 or 20 vessels bound to this port from the North five arrivals have been reported since last Saturday. Three schooners with cargoes reached port yesterday. The schooner Collins W. Walton, Capt. Megee, brings cargo of bag fertilizer from Philadelphia for the Acme Manufacturing Co., to be discharged at the Seaboard. The schooner Robert W. McCurdy, Capt. Watts, brings cargo of acid phosphate for the Armour Fertilizer Works, and the schooner John W. Hall, which makes frequent visits to this port, brings cargo of salt to the D. L. Gore Company. The two first named are to C. D. Maffitt and the latter by the master.

The schooner J. G. Cherry, Capt. Day, also arrived yesterday from Carteret, N. J., with cargo of acid phosphate for the Pocomoke Guano Co., to be discharged at the Seaboard terminals.

ARCHBISHOP HAS CHANCE.

Condition Noticeably Improved—Heart Practically "Worn Out."

Philadelphia, February 6. — Archbishop Ryan, whose death has been momentarily expected during the past week, was noticeably improved today and for the first time since his illness was reported his physicians are inclined to believe that he has a chance to recover. They state, however, that this chance is extremely slim, owing to the state of his heart, which they declare is "practically worn out."

He awoke today refreshed by a good night's sleep, and seemed to continue to gain in strength during the day. He received visitors all day, ate two light meals and his voice had much of its old-time vigor. When he learned for the first time of the serious illness of Bishop Whitaker, the Protestant Episcopa lbishop of this diocese, with whom he has been friendly for many years, he said, "I call to see him." He sent his nephew with his card to the residence of Bishop Whitaker.

Life Saved at Death's Door.

"I never felt so near my grave," writes W. R. Patterson, of Wellington, Tex., as when a frightful cough and lung trouble pulled me down to 100 pounds, in spite of doctor's treatment for two years. My father, mother and two sisters died of consumption, and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me. Now I weigh 187 pounds and have been well and strong for years." Quick, safe, sure, it's the best remedy on earth for coughs, colds, lagrippe, asthma, croup, and all throat and lung troubles. 50c and $1.00. Trial bottle free. Guaranteed by R. R. Bellamy.

RHEUMATISM
PAINFUL & DANGEROUS

Rheumatism is due to a diseased condition of the blood cells and corpuscles, brought about by an excess of uric acid in the circulation. It is not only a very painful disease but an extremely dangerous trouble. The briny, acrid state of the blood gradually forms a coating over the muscles, and by depositing a cement-like substance in the joints frequently terminates fatally, or leaves its victim a hopeless cripple. It is natural to "doctor" the spot that hurts, and it is quite right to use liniments, hot applications, etc., to get temporary relief from a painful joint or swollen tendon; but Rheumatism is not a skin disease, and such things, when depended on alone make one careless, and the disease gets a firmer hold on the blood. S. S. S. cures the disease because it is the greatest of all blood purifiers. It goes into the circulation, and removes every particle of the irritating uric acid, builds up the blood, makes it rich and oily, and in this way prepares it for the proper nourishment of all joints, muscles, nerves and bones. If you have Rheumatism, get the uric acid out of the blood by taking S. S. S., a purely vegetable medicine, and enjoy freedom from its misery. Book on Rheumatism and any medical advice free to all who write.

REGULAR MONTHLY MEETING.

Water and Sewerage Commission Was in Session Last Night.

The regular monthly meeting of the Water and Sewerage Commission was held last night with Chairman C. W. Worth presiding and Messrs. M. W. Jacobi and W. E. Perdew, members of the body; Superintendent R. C. Cantwell and Engineer Anderson in attendance. Although the commission was in session for more than two hours, only routine matters claimed the attention of the body. Engineer Anderson has just returned from Raleigh, where he went to give the State Board of Health some additional data with reference to the plans for the proposed new sewerage system. A report is expected soon from the Board of Health on the plans as prepared for the plant, and shortly thereafter it is hoped that bids for the construction work will be called for and the work actually begun before many months.

LODGE OF PERFECTION.

Special Meeting Will be Held Next Week to Receive Candidates.

The local lodge of the Scottish Rites Lodge of Perfection is making preparations for a big meeting to be held in the Masonic Temple on the afternoon and evening of February 15, at which a number of candidates will be initiated, the work being from the fourth to the 14th degree. The meeting will begin at 2:30 o'clock in the afternoon and continue until about midnight. There will be a special musical programme. Many Masons from out-of-town are expected to be here to take the degrees. This higher branch of Masonry is growing in numbers in this section as well as throughout the country. Recently the Supreme Lodge appropriated $1,000,000 for the erction of a Scottish Rites Cathedral at Washington, D. C., which is headquarters of the Southern Jurisdiction.

"BLACK HAND" KILLS TWO.

Made Separate Attacks on Two Citizens at Punxsutawney, Pa.

Punxsutawney, Pa., Feb. 6.—Members of the so-called "black hand society" made separate attacks today on Charles Volsted, a wealthy baker, and Samuel Manning, a liquor dealer. Both men may die from their injuries.

Volsted recently received a letter demanding $500. He paid no attention to the matter. Early today several men broke into his bedroom. After beating him they fired the house. Volsted managed to escape, but not before he was probably fatally burned.

Manning had also received a black hand letter. Shortly after the Colsted outrage Manning was attacked near his home, and his face and body mutilated with a knife. A detail of Pennsylvania State constabulary is working on the case.

Lame Every Morning

A Bad Back is Always Worse in the Morning—Wilmington People Are Finding Relief.

A back that aches all day and causes discomfort at night is usually worse in the morning. Makes you feel as if you hadn't slept at all.

Can't cure a bad back until you cure the kidneys. Doan's Kidney Pills act on sick kidneys—make you feel better, work better, rest better and sleep better.

Good deeds in Wilmington prove the merit of Doan's.

W. L. Benson, 620 S. Second st. Wilmington, N. C., says: "I cheerfully reendorse Doan's Kidney Pills and confirm the statement I gave in their praise in February, 1908. My back ached nearly all the time, and I could not straighten after stooping or lifting without having a sharp pain in my loins. Mornings when I got up, I was very lame and sore, and I noticed that the kidney secretions contained sediment. Soon after I used Doan's Kidney Pills, procured at Bellamy's Drug Store, I felt better in every way and it was not long before I was enjoying the best of health. My advice to anyone suffering from kidney complaint is to try Doan's Kidney Pills."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

BANK PURCHASES PROPERTY

Atlantic Trust & Banking Company Acquires Site for Building at Northeast Corner of Front and Market Streets.

Through the enterprising real estate agency of Mr. James Owen Reilly, there was consummated yesterday a deal by which the Atlantic Trust & Banking Company, of this city, acquires by purchase the valuable property at northeast corner of Front and Market street, the consideration being between $25,000 and $27,000. The deal has been under way for several days but was finally effected only yesterday afternoon, when the purchase was formally approved by the Board of Directors of the institution.

The property is what is known as "Green's Corner" and consists of the store now occupied by Messrs. W. H. Green & Co., the druggists, immediately on the corner; the confectionery store next east on Market street, and the small store occupied by Darden, the jeweler, next north on Front street. The property fronts 40 feet on Market and 54 feet on Front street, being most eligibly situated and, perhaps, the last available piece of property of its kind in the city. The directors of the bank are to be congratulated on securing it. The property belonged to the estate of M. A. Curtis and Mr. Reilly has had the negotiations under way for some time with a committee from the directorate of the bank, composed of Messrs. I. Shrier, B. H. J. Ahrens and John H. Kuck. The deed for the property is expected to pass within a short time, though the present tenants will likely not have to vacate before October 1st, the beginning of the renting year.

While nothing is yet known officially, it is stated that the Atlantic Trust & Banking Co., will use the site for the erection of an up-to-date banking house, one that will be a credit to this progressive young institution and to the city generally. The bank is now located in the Southern Building, at Front and Chesnut streets, where it has ample quarters, but the growth of the Southern National Bank has made it very desirable for larger quarters and the Southern will likely occupy the quarters to be vacated by the Atlantic Trust & Banking Co., when its new home is completed within the year, it is expected. Desirable Wilmington real estate is still at a premium and the Atlantic Trust & Banking Co., is to be congratulated upon the deal just consummated.

TEN MEN WERE KILLED.

Disastrous Explosion at Plant of Pluto Powder Co.

Marquette, Mich., Feb. 6.—In a disastrous explosion ten men met instant death at the plant of the Pluto Powder Company on the outskirts of Ishpeming late today. One man was injured. The bodies of the dead were blown to pieces.

The expolsion took place in the gelatine powder house. Every man in this building was blown to pieces.

Three men were absent from the building and escaped.

What caused the explosion is not known. Gelatine powder is largely composed of nitro-glycerine, and it is supposed that the mixture was being stirred in the big crucible within the house when the stuff let go.

About 1,000 pounds exploded. Only twenty minutes before the disaster, 5,000 pounds of the explosive were removed. The plant was little damaged, and the shock felt in Ishpeming was hardly perceptible.

Windows at Winthrop, a mile away, however, were broken.

Immediately after the explosion, the men employed in the other buildings ran out to learn what part of the plant had been blown up.

They hastened to the place where the gelatine building had stood and found a stretch of bare ground and splintered timbers scattered over a wide area around the spot. Only a few fragments of the bodies were recovered.

Bowman Had Woman's Life Insured.

Since the trial and acquittal of John J. Bowman, charged with the murder of Eliza Hickson, colored, it is now stated that the negro held an insurance policy on the life of the deceased woman for several hundred dollars. It is reported that Bowman paid the premium on the policy for the past two or three years and that it was made payable to him. It is stated that the company in which the woman was insured is ready to pay the amount of the policy upon application and proper certificate of the death of the woman, though legally Bowman could hardly collect on the amount.

Terhan, Persia, Feb. 6.—The Russian legation has made a demand for the surrender of the assassins of Sani E. Dowleh, the Persian minister of Finance, who was shot down in the street, February 4th. The assassins are Russian subjects.

FOR AGED PEOPLE.

Old Folks Should be Careful in Their Selection of Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Price 25c. and 10c. Sold only at our store—The Rexall Store. J. Hicks Bunting Drug Co.

We Pay Fifty Cents

And Pave the Way to Beauty to Readers of This Ad.

It is absolutely impossible for freckles, blotches, sunburn, tan, chap, red spots, liver moles and pimples or wrinkles to exist if Dr. Hebra's "Viola Cream" is used—absolutely impossible.

Feel Like Sinking Through the Floor? You Need be Humiliated No More by Pimples or Other Blemishes.

Dr. Hebra's Viola Cream is not a bleach or a paint. It is not a "cold cream" nor a "rub in and rub out" so-called massage cream, but the only scientific treatment ever discovered, not only for quickly removing all facial blemishes but for the perfect preservation of good complexions as well. It will give any woman a perfect complexion and keep it so, because it goes to the bottom of the trouble and quickly and harmlessly, almost before you know it, actually gives you a new skin as soft and healthy, as clear and transparent as that of a child. It is absolutely safe and will not grow hair on the face.

One jar of "Viola Cream" will produce more satisfying results than all the other skin and complexion preparations you could cram into a whole drug store. It does not, remember, salve over the skin defects, but drives them away and changes the skin.

We want you to prove this without your risking one penny. The best way to prove it is to go to the nearest drug store and purchase a 50-cent jar under our absolute guarantee of satisfaction, but if you do not wish to do this, just send your name and address and that of your druggist to the G. C. Bittner Co., Dept. 80, Toledo, Ohio, at once, and a liberal trial treatment will be sent you free by return mail. You cannot afford to go another day without this treatment, which is the only perfect skin and complexion beautifier.

CUT THIS OUT.

FREE — It is good for — A 25c Bar of Viola Soap, A 25c Box of Velota Powder with your first purchase of a Jar of Viola Cream of your Druggist or The G. C. Bittner Co., Toledo, Ohio.

AFFAIRS AT STATE CAPITAL

Depot at Thomasville—Condition of State Banks—Legislative Retrospect—Dr. Kelly Welcomed to Raleigh.

(Special Star Correspondence.)

Raleigh, N. C., Feb. 6.—The Southern Railway Company is arranging to build a modern and convenient passenger depot at Thomasville in response to a complaint made to the Corporation Commission by the mayor of Thomasville. Work is to begin on the building at an early date and it will be rushed as fast as possible.

The report of the condition of the State banks at the close of business January 7th, 1911, has been compiled by the Corporation Commission and the summary shows the total resources and liabilities to be $63,412,244.28. Compared with the statement made to the Corporation Commission November 10th, 1910, there is an increase in capital stock of $113,813.06; increase in deposits, $2,090,560.24; increase in total resources, $1,265,692.98. The present capital stock is $9,030,247; surplus funds, $2,096,195; loans and discounts $43,494,815. The deposits subject to check amount to $29,368,298; time certificates of deposit, $6,492,948; demand certificates of deposit, $3,863,609; and savings deposits, $7,032,354.

Phillip Mills, a Transylvania negro, is to pay the death penalty in the electric chair at the State's prison Friday morning of this week for killing his wife September 28th. He ran down his wife as she fled from him with her baby in her arms, and dealt her a blow over the head with his gun that broke the stock and crushed her skull. The baby was also injured and died within a few days.

A little over half of the time of the General Assembly of 1911 has passed and although only a few bills of general State-wide interest have passed and been ratified, the Legislature has done an unusually large amount of work as compared with former legislatures, so say observant men who have been identified with North Carolina General Assemblies for years. Hundreds of local bills are going through the red tape of the legislative mill, while several public acts of importance are making progress towards the ratification goal. The coming week will be a very busy one with both Houses, there being special orders for three measures in the Senate and six in the House. In the former branch of the law-making body the fate of Piedmont county will be decided Thursday at noon, the fate of Avery county Wednesday night and the Boyden bill providing for a State building commission and the issuance of $1,000,000 in bonds to build a State administration building in Raleigh will be determined by the Senators Wednesday at noon. In the House the special orders of the week include the bills creating Piedmont and Hoke counties, resolutions ratifying the 10th amendment to the U. S. constitution empowering Congress to lay and collect a Federal income tax and Representative Connor's bill calling for a uniform bill of lading.

Sunday afternoon there was a notable service at the First Baptist church to welcome Rev. T. W. O'Kelly, D. D., late of St. Joseph, Mo., as pastor succeeding Rev. W. C. Tyree, resigned. The welcome to the State on the part of the North Carolina Baptists, was by Hon. J. Y. Joyner, State Superintendent of Public Instruction. The welcome from other denominations was by Rev. W. McC. White, of the Presbyterian church, and Rev. H. M. North, of Edenton Street Methodist church. To all these welcomes Dr. O'Kelly responded pledging fearless, zealous service for the Christian work of the State and the community and to the denominational work of the First church whose pastorate he assumes, in particular.

CROSS-COUNTRY RUN.

Annual Event at A. & M. College at Raleigh—The Prizes.

(Special Star Correspondence.)

West Raleigh, N. C., Feb. 6.—The annual cross country run Saturday afternoon from the college, on Hillsboro road to Method and return, a distance of 3 1-2 miles, was won by J. I. Eason, of the Senior class in the fast time of 17:49. This is 22 seconds better than was made by Babington, winner of last year's cross-country run, and establishes a new record for the college. The race for first place was very close, Eason being pushed very hard by Trotten and King, who finished second and third respectively and by Kephart, who finished fourth. Prizes offered by the merchants of Raleigh were as follows: First, $5 sweater; second, $4 shoes; third, Stetson hat; fourth, fancy vest.

LARCENY OF DIAMONDS.

Young Man Arrested in Rocky Mount, Wanted in Goldsboro, N. C.

(Special Star Correspondence.)

Rocky Mount, N. C., Feb. 6.—Wanted on the charge of the larceny of a diamond brooch, watch and several rings valued at considerably more than $1,000, from a prominent young society woman of Goldsboro, Robert Baynes, a young white man, was arrested by the police and taken back to Goldsboro this morning. The owner is said to be the daughter of a prominent dry goods merchant of Goldsboro. The young man acknowledged posesession of the box in which the jewelry was found but said that he purchased it and paid $30 for it.

Tortured for 15 Years

by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried, John W. Modders, of Moddersville, Mich., seemed doomed. He had to sell his farm and give up work. His neighbors said, "he can't live much longer." "Whatever I ate distressed me," he wrote, "till I tried Electric Bitters, which worked such wonders for me that I can now eat things I could not take for years. It's surely a grand remedy for stomach trouble." Just as good for the liver and kidneys. Every bottle guaranteed. Only 50c at R. R. Bellamy's.

PENDER WANTS GOOD ROADS.

Enthusiastic Meeting of Citizens at Burgaw Yesterday.

(Special Star Correspondence.)

Rocky Point, N. C., Feb. 6.—A large and enthusiastic meeting of the Pender County Good Roads Association was held at Burgaw this morning, a large crowd being present. Senator Rivers D. Johnson was introduced and stated the object of the meeting. He stated that both he and Mr. Alderman were in favor of good roads, but nevertheless the matter should be subjected to the vote of the people as all other matters of moment should. He represented in the Senate two counties, Pender and Duplin, and it made him hang his head when no bills were introduced for developing Pender and Duplin. He said that good roads would not come at once, but must be worked up gradually, until we have as good roads as any other part of the country.

Dr. H. B. Varner was introduced, and made a very interesting talk which held the attention of his audience to the end. He said that he was a newspaper man and could write better than he could talk, but he could say this much; that Pender county could build good roads at one third the cost in some of the western counties which are noted for their highways, as they have the clay and sand in abundance, the constituents needed for the best roads. He brought out that good roads mean good schools, good farms, good churches and good neighbors. He said that the bad roads of North Carolina cost the people twelve and a half million dollars annually.

He spoke of the old Roman roads which are still the wonder of the world, built before the time of the Apostle Paul, and still in the finest state of preservation. He showed how good roads enhance the vaue of rural property, and keep boys on the farm. He said that Pender county could build better roads for $100,000 than many Western counties could build for $800,000.

The bill asking the Legislature to authorize the election on the bond issue of $100,000 was approved, and Mr. Lauchlin McNeill was authorized to forward the draft of the bill to the Legislature. Quite a number of new members joined after the meeting was over, and the Association now has a larger membership perhaps, than any other Good Roads Association in eastern North Carolina. Altogether this has been a big day for Pender, and will mean much for her people.

PAPER MEN UNDER FIRE.

Oppose Reciprocity Agreement Before Congress Committee.

Washington, Feb. 6.—Manufacturers of print paper faced fire of questions today when they appeared before the Ways and Means Committee of the House to argue in favor of the retention of the present duty imposed upon their product by the Payne-Aldrich tariff act rather than the reduction that is contemplated in the proposed reciprocity agreement with Canada.

Both Republican and Democratic members of the committee plied the paper men with inquiries as to why a decrease in the duty was feared when the reduction 18 months ago had been followed by an increase in the price of paper rather than a decrease. The general reply was that the increase had been a mere return to normal prices after low prices incident to the tariff agitation.

After the paper's interests are heard the committee will listen to representatives of other industries. The hearings will close on next Thursday.

The principal address was made by F. M. Hugo, of Watertown, N. Y.; Arthur C. Hastings, of the American Pulp Paper Association, of New York, and F. J. Sensenberger, of Wisconsin, also spoke.

DEATH IN GOLDSBORO.

Mr. Jno. H. Morris Passed Away Suddenly Sunday Morning.

(Special Star Telegram.)

Goldsboro, N. C., Feb. 6.—The death of Mr. John H. Morris occurred suddenly yesterday morning at 7:30 o'clock at his home on William street just after he had finished his breakfast on his 72nd birthday. Mr. Morris was one of the best known men of the county and was universally esteemed for his general disposition. He is survived by his wife and three children, two sons and a daughter, all grown. These are Frank Morris, of Winston-Salem, and Mr. L. Dallas Morris, and Mrs. A. A. Miller, of this city.

MRS. NANCY PRIDGEN DEAD.

Good Woman Passes in Canetuck Township, Pender County.

(Special Star Correspondence.)

Currie, N. C., Feb. 6.—Mrs. Nancy Pridgen, of Canetuck township, Pender county, passed away at the home of her daughter, Mrs. C. M. Wilson, near Colly Mills, on February 4th, 1911. She was born in Brunswick county, July 22nd, 1816, and would have been 95 years old July 22nd, had she lived until that day. She was a member of the Bethlehem Missionary Baptist Church for 45 years and was held in the highest esteem by all in the circle of her wide acquaintance.

Philadelphia, Feb. 4.—The Committee on the conference on uniform State laws, which has been considering drafting of a uniform partnership act at the University of Pennsylvania closed its sessions today with the adoption of a resolution requesting a universal law to be drafted on the basis of the aggregate of common law theory of partnership.

WHITEVILLE NEWS NOTES.

Senator Brown Talks—Smallpox Situation—Other News Notes.

(Special Star Correspondence.)

Whiteville, N. C., Feb. 6.—Senator J. A. Brown spent a short time in Whiteville yesterday evening, en route back to Raleigh from a business trip to Chadbourn. Senator Brown, besides being chairman of the Finance Committee, is on five other important committees. In an interview with the Star's correspondent, he stated that the State's finances were in a bad way. There is a deficit of $175,000 a year, with no way to meet it. He is now at work on a bill to equalize taxation, but finds considerable opposition to any change. Mr. Brown says Buncombe county, located in the mountains, returns its land at $17 per acre, while Scotland county, one of the richest and most productive sections of our State, with land that will produce a bale of cotton per acre and a greater part of it cleared, only returns its land at $6 per acre, and Robeson, another fine county, but a greater part in timber, returns at $8. Senator Brown thinks that something should be done to equalize land values, so that one section should not bear a greater part of the public burden than another.

In discussing the issuing of bonds for good roads, Senator Brown says he has written Mr. Clyde Council, requesting that he have drafted a bill embodying what the people want done, and he will do his best to have it passed. He says there is a general good roads bill now before the Legislature, that may or may not get through, but we had better prepare a separate bill applying to Columbus county. He has not time to draft the bill himself, besides the Good Roads committee knows best what they want embodied in the measure.

Dr. N. A. Culbreth and wife, of Wilmington, spent yesterday in Whiteville, on a visit to relatives and friends. Dr. Culbreth has a host of friends here, who are always delighted to have him visit them. Among other visitors from Wilmington to Whiteville in the past few days were Messrs. E. M. Nance, Geo. V. Harrell, and H. P. Morrison.

Mr. Campbell, formerly of Marion county, S. C., and who bought a farm near Whiteville, has rented the Coleman residence for this year. He and his family are boarding at the Columbus Hotel awaiting the arrival of their furniture.

Dr. H. B. Maxwell, county physician, in an interview yesterday with the Star's reporter, says there are now only eleven cases of smallpox in Columbus county, so far as he knows, but there may be a few others that have not been reported. He says the epidemic is pretty well in hand. In speaking of vaccination, the Doctor says he has vaccinated 5,000 persons, and not one has died from smallpox.

Mr. J. F. Thompson, one of our progressive farmers and largest strawberry growers, was in Whiteville Saturday. He says the plants are now getting in full bloom and he never saw a brighter outlook for a finer yield than this season. The plants are very vigorous and seem healthy. Mr. Thompson says farmers have gone to work on their new crop with more enthusiasm and hope than ever before.

DR. CROOM IS MARRIED.

Maxton Physician United in Marriage to Alabama Girl.

Maxton, N. C., Feb. 5.—Dr. J. Dallas Croom, Jr., of Maxton, was married last week to Miss Ruth Roberts at Attalla, Ala. After a week's trip through Tennessee and western North Carolina, they have returned to Maxton. Miss Roberts spent last Summer here with her uncle, Rev. E. McWhorter.

PRAISE FROM GEORGIA'S STATE CHEMIST.

Mr. J. H. McCandless, State Chemist of Georgia, before a recent gathering, gave emphatic testimony to the high quality of Cottolene. He said:

"The sale of this product, and the proclamation that it is made from cotton oil, have done more to bring cotton seed oil truthfully and favorably before the public than anything else in recent history."

Mr. McCandless then pointed out why a pure, refined, vegetable-oil base, such as is used in Cottolene, is the only assurance a woman has of a clean, digestible cooking product.

Geo. O. Gaylord's

Store on Front St.

Has just received new style tailor-made suits for ladies which are very pretty. Some splendid new style voile Skirts for $8.00, $9.00 and $12.50 apiece. Black and blue Panama Skirts, beautifully tailored, just received and selling special at $5.00 each. We have a nice assortment of cheaper goods in skirts that we sell from $1.50 to $4.00 each. A few Coat Suits on hand that we want to close out,; goods that are new and stylish; we will give 25 per cent. discount on.

Children's Dresses—I handle the best line of children's Dresses sold in the South. I have just received a big shipment of these goods and to see the styles and prices is to buy the goods. Ladies that have little girls to dress see our line of dresses from 50c each to $3.50 each. You will shut up your sewing machine and buy your dresses ready made from Gaylord. We have a few styles of nice wool sweaters that we want to close out and will give one-fourth off the price of these goods.

Our Spring Hats

have been coming in and if you want something new for the early season, we have silk, braid straw and chip. Anything you can ask for. We have the Ding-a-Ling Hat as low as $1.25 and the Aeroplane hat from 75c up. Our stock of LaReine Corsets was never more complete, they are the best fitting and wearing and have more styles than any other corset made, $1.00 each. Buy them instead of the higher priced, they will please you.

In the Dress Goods Department

we have received quite a nice line of new Spring Silks. A beautiful assortment of zephyr ginghams for 12 1-2c per yard; standard percales, a yard wide, 10c per yard. Lakeside chambrays at 10c a yard. Everything in the dress goods line you can ask for.

Geo. O. Gaylord's

Big Store on Front St.,
Wilmington, N. C.

To Reduce Stock

of certain lines in which we have a larger quantity than we care to carry this season, we will sell at a sacrifice for cash, for the next few days.

FULL ASSOCIATED PRESS REPORT.

PUBLISHERS' ANNOUNCEMENT.

THE MORNING STAR, the oldest daily newspaper in North Carolina, is published daily except Monday, at $6 per year, $3 for six months, $1.50 for three months, 50 cents for one month, served by carriers in the city, or by mail.

THE SUNDAY STAR, by mail, one year, $1; six months, 50 cents; three months, 25 cents.

ADVERTISING RATES may be had on application, and advertisers may feel assured that through the columns of this paper they may reach all Wilmington, Eastern Carolina and contiguous territory in South Carolina.

Obituary sketches, cards of thanks, communications espousing the cause of a private enterprise or a political candidate, and like matter, will be charged at the rate of 10 cents per line, or if paid cash in advance, a half rate will be allowed. Announcements of fairs, festivals, balls, hops, picnics, society meetings, political meetings, etc., will be charged under same conditions, except so much thereof as may be of news value to readers of the paper.

Advertisements discontinued before expiration of contracts are charged transient rates for time actually published. Payment for transient advertisements must be cash in advance. Contract advertisers will not be allowed to exceed their space at same rates or advertise anything foreign to their regular business without extra charge. Advertisements to occupy special place will be charged for according to position desired.

TELEPHONES: Business Office, No. 51; Editorial and Local rooms, No. 61. Call either, if the other doesn't answer.

COMMUNICATIONS, unless they contain important news, or discuss briefly and properly subjects of real interest, are not wanted; and if acceptable in every other way, they will invariably be rejected unless the real name of the author accompanies the same, not necessarily for publication, but as a guarantee of good faith.

Tuesday, February 7, 1911.

High flying on the part of some folks indicates an air of extravagance.

A dog died of grief in Baston. Why should a dog stay in Boston till the worst came to the worst?

President Taft rediscovered reciprocity. He failed to remember Maine's James G. Blaine.

Wall Street is not necessarily covered with ice because so many men are always slipping up "on the curb."

Tom Watson, of Georgia, keeps on butting in with some proposition that keeps people from forgetting him.

It is to be hoped President Taft will not go in the hole and pull reciprocity in after him and thus block up every avenue of escape.

"Never hit a man whon he's down." Somehow or other, however, it is necessary to keep hitting Marion Butler to keep him from "coming back."

Vice President Sherman says he doesn't care to run for another term. No man cares to run for anything where the opposition is about unanimous.

A university professor says: "The size of a hat indicates the size of the wearer's brain." What the professor says is strikingly flattering to the ladies.

The annual ball of the Acquenuckaquewanks was recently held at Danbury, Conn. A girl would hardly attend a ball and dance with any such things as that.

On last Friday Sheehan lacked 13 votes of being elected United States Senator in New York. Any woman could tell him that if he doesn't give up the fight voluntarily he will be sure to have bad luck.

When a heivy-weight like Senator Root thundered against the scandalous manner of Senator Lorimer's election, it caused great distress among the cork-headed crowd in the Senate. It made them "look two ways for Sunday."

All new counties ought to pay their pro rata share of the debt of the old counties from which they are swiped. New county propositions should be referred to the people of a county to settle among themselves at the ballot box.

With standpatism cutting off retreat, reciprocity blocking a vigorous forward movement, and a second nomination and election ahead, President Taft probably wishes he had never been made President by his "illustrious predecessor."

"What makes a married man good?" inquires a contemporary. A bachelor would say, fear of his wife; a married man would say, fear of future punishment; the ladies would say, it is fear of public opinion.

Standpatters tell President Taft that reciprocity would wreck the Republican party. Upon their advice he tried standpattery and that wrecked it. The Republican party is between the devil and the deep blue sea. It can't go backward and it won't dare to go forward.

Greene and Gaynor will be released from the Federal prison in Atlanta in about 30 days. It is said they are penniless and will have to make a new start in life. The best thing they can do is to dissolve co-partnership, and not attempt to work any more shell games on Uncle Sam.

THE SOUTH AT A GLIMPSE.

The Star always anticipates with great interest the annual "Blue Book of Southern Progress," issued by that great and enterprising publication, the Manufacturers' Record, of Baltimore. The "Blue Book" gives us an instant glimpse at the industrial development of the South and indeed it is an exceedingly interesting and highly valuable compendium of the facts and factors in a progress that is steady and marvelous. Its contents cosists of a suscinct yet comprehensive grouping of the statistics of Southern endeavor and achievements in finance, manufacturing, industry, agriculture and commerce, and one who has this valuable publication at hand has at his fingers' ends a complete resume of the features which enter into the South's rapid development, distinguishing it as the most progressive part of the country today.

The "Blue Book" is a pamphlet of 64 pages, and is the most compact and convenient source of information concerning material development in the South that has ever been given to the public. It covers what the South has done during the past 30 years and mirrows what it is doing today, and all men of affairs who wish to have for ready reference a statistical epitome of the past and present industrial deevlopment of all Southern States, will find the "Blue Book" bristling with information and data concerning the elements of certainty in the South's present prosperity and great future. While the "Blue Book" tells us the wonderful story of the South's achievements, it reminds us to say that no element has been more potent in the encouragement of Southern progress than the Manufacturers' Record to which we are indebted for the statistical publication about which we speak.

In this comprehensive volume are the records showing that 41 cities in the South, each now having a population of more than 25,000, have in the past 30 years increased their aggregate population from 1,506,915 to 3,570,770, or by nearly 137 per cent., an index to growth and industries in the South, that of 9,000,000 estimated horse-power in Southern streams only about 1,000,000 horse-power has been developed, and that the value of the cotton crop of the South in 10 years has exceeded by more than $1,761,000,000 the value of the gold and silver produced by all the mines of the world in the same period, while the value of exports of raw cotton has exceeded the value of all the gold mined in the same time. The cotton crop, with its seed, now approaches $1,000,000,000 in value a year, and yet that amount is less than 40 per cent. of the total value of all agricultural products of the South, $730,000,000, for instance, being the value of 1,104,000,000 bushels of cereals harvested in 1910. Comparison of the progress of the South and that of the country marks the industrial advancement of the South, shown in more active cotton spindles in the South now than were in the whole country in 1880, in a greater cut of lumber in the South by more than 5,000,000,000 feet, in pig-iron production and in petroleum output nearly equal the country's 30 years ago, and in the greater amount by 30,000,000 tons of coal mined. Increase in 30 years in railroad mileage from 20,612 to 71,907 miles, in the value of exports from $265,000,000 to $628,000,000 and in resources of national banks from $171,000,000 to $1,371,000,000 are among other items treated in the "Blue Book of Southern Progress" by States and in comparison with the rest of the country.

Among the special new features in this issue are the figures of live-stock in the South, while to all the statistics of the 14 Southern States have been added, where possible, the figures of Oklahoma and Missouri, without, however, including them in the Southern totals.

For each of these 16 States and the District of Columbia is presented a separate table summarizing the facts of 30 years set forth in the topical tables. In the statistics generally the latest and most authorative figures available have been used and, where estimates have been made, the effort has been to give conservative results.

For nearly thirty years the Manufacturers' Record has published as quickly as they have become accessible the magnificent facts of Southern achievement, upon which these latest and most up-to-date statistics are based, and has in addition issued from time to time more or less elaborate summaries, which have carried to the four quarters of civilization the knowledge about the South which has been so effective in hastening its material development. Coincidently the Manufacturers' Record has furnished in printed matter or in personal correspondence to thousands of statesmen, educators, business men, newspapers and magazines similar material for orations, essays, editorials and other articles, in the desire to neglect no opportunity or means of furthering the work and keeping the South and the rest of the world informed of the vast possibilities within the area stretching from Maryland to Texas.

This pamphlet contains the cream of all these efforts. Copies of the "Annual Blue Book of Southern Progress" can be had of the Manufacturers' Record, of Baltimore, for 25 cents each.

REASSURING FOR CAPITAL.

The South is particularly interested in the solution of problems which affect the interests of the corporations and the public alike. Somehow or other we have always had sufficient confidence in the good sense of the people of this country to believe that they can settle their problems without either doing injustice to the corporations or doing injury to the public interests. The spirit of the public is such that it will resent imposition, and necessarily it should do so, but in protecting the public interests we do not anticipate that corporate of private interests will be made to suffer through any misguided steps supposedly in the interests of the public yet really detrimental to the interests of the people and the communities of this great country. Nothing short of hysteria will prevent a square deal, and that, we take it, is all every interest expects and demands.

The era of development in the United States is one that challenges conservatism and it will make for a better understanding. Especially in the South, the opportunities for development and progress are too great to permit of either public sentiment or legislation that will halt the upbuilding of this part of the country. While we are demanding that the public interests shall be protected, we believe that capital is beginning to feel the reassurance that nothing is to be done that will "scare" it and thus hamper development for many months or even many years. It is gratifying, therefore, to note the improving conditions in financial circles in New York. The Financial Chronicle states that there was a "rising and broadening stock market" last week, and that "improving conditions naturally make the whole financial community cheerful, and a good portion of the commercial community, too."

New York's great financial paper editorially remarks that "it must be admitted that there has been much to stimulate cheerful thought in recent periods." In the first place, that valuable contemporary gives as one of the reasons of returning confidence that "the November elections dealt such a staggering blow to the radical political policies which have been so injurious to business interests of late years that there seems little likelihood of new trouble from that source for some time to come." It is also stated that another reason for returning confidence is that President Taft was quick to perceive the significance of the election and in his message to Congress took occason to express the opinion that "existing legislation with reference to the regulation of corporations and the restraint of their business has reached a point where we can stop for a while and witness the effect of the laws already on the statute books."

"The South is especially concerned in re-establishing the necessary confidence that will permit development to go on in North Carolina and other Southern States as it never has before, even in the palmiest days of our recent industrial and agricultural revolution. Recently Mr. W. M. Acworth, the expert English railway economist, has completed a two months' study of American railroads and the conditions and problems in which they are involved. In an intervew he expressed the opinion that our railways are the most efficient in the world, and he went on to discuss the vast funds that will be needed in the coming years to develop our carrying facilities in proportion to the growth of the traffic and to meet the demands of a wonderfully developing country. President Hill, the railway magnate, recently estimated that the railroads would need eleven hundred million dollars a year, and Mr. Acworth thinks that a conservative estimate. We take from the New York Sun the following remarks by Mr. Acworth upon this subject:

"The inhabitants of your Western and Southern States, your people in general, must understand that this capital cannot be obtained in their own communities. Texas and Oklahoma have no money to spare for railroad building. They want it all for their own local business. Even the East cannot find all the money required. This money in large measure must for a long time to come be raised abroad; and the investors of other lines will not be willing to subscribe it so long as there is a continuance of the harassing conditions which tend to impair the revenues of your railways, to hamper their administration and to retard their development. If the railways of the United States would reach a time when State legislators ceased from troubling and State commissions were at rest it would in my thinking be good for the railways and still better for the citizens of the United States."

What the English expert says refers equally as well to North Carolina and every other Southern State, and we believe there will be general concurrence in this comment of the New York Sun upon what Mr. Acworth observes:

"This common sense view comes from a conceded authority speaking after careful observation. And if our citizens approached the railroad problems in the same spirit in which they tackle ther own business affairs, it s dfficult to see how they could reach any other conclusion than that expressed by this perspicacious Englishman. If our railroads ever reach a final state of growth and development the difficulties in the way of regulation will be largely removed and it will be possible (leaving all question of policy aside) to treat them more after the manner of life insurance corporations or banks, let us say. But for the present, when great sections of the country still cry aloud for new routes; and the oldest and most efficient lines must steadily be rebuilt and equipped afresh to meet the changed conditions of traffic and invention, it is simple suicide for a community to choke its traffic development by rigid regulation and artificial restrictions."

THE "LOCAL OPTION" BILL.

Many people are disposed to take Representative Kellum's so-called "local option bill' entirely too seriously. Those who have had occasion to feel the temper of the present Legislature know that it has no more chance of passage than the proverbial snowball in Hades. Certainly the reception given his near-beer exemption amendment about a week since, indfcates that not only the committee but the entire personnel of the Legislature has not the remotest idea of re-opening the question of State-wide prohibition, their only concern now being in making it effective. Not only will the near-beer saloons be knocked out at one fell sweep but the "social club" is also doomed. People of all persuasions are now ready for a fair, square trial of prohibition, rigidly enforced, and there seems no doubt but that the Legislature is going to do its part towards this end, so what's the use kicking against the pricks?

Perhaps Queen Mary got behind King George.

CURRENT COMMENT.

Senator Brown, of Columbus, talked out in meeting yesterday. The Senator's remarks may not be pleasing but they needed to be made. The Senator from Columbus is showing the wisdom of his people in sending him here.—Raleigh Times.

The Shelby Aurora, with tears in its eyes, wails: "When, oh when, will the Legislature get down to business and do something?" Sakes alive, man! Didn't you read about the heroic work done in regulating the throwing of sawdust in Big Ivy Branch?—Greensboro News.

It is the opinion of experts that if the South Carolina Legislators coulu have been at Columbus, Ohio, last week they would take just one minute to pass the bill making an appropriation for advertising South Carolina, in conjuction with the railroads.—Columbia State.

It is reported that the Democrats in the Senate are preparing to filibuster against the measure providing for a ariff board. The Senate should be reminded that the country is in no mood to listen to any quibbling over the President's efforts to provide a plan for the ultimate amelioration of the economic conditions of the country.—Buffalo News.

Various friends have told the Citizen that in encouraging people who can do so to raise poultry it is giving impetus to one of the best paying "industries" of the present time. From all sections of the country come reports to the effect that even working men are turning their attention to poultry raising and giving to it their spare time.—Asheville Citizen.

Gaby Deslys, who lost Manuel, of Portugal, his throne, his made trouble in another royal family. Her siren spell was exercised over Alfonso, of Spain, and it is reported that his queen has left him and is threatening to return to her English home. It is all very disgusting, the action of these weak little kings. Let us hope that it is another blow to the king business, and that the king business will soon be put out of business.—Chattanooga Times.

The greed of the cold storage companies in locking up necessaries of living in order to extort exorbitant prices from consumers has naturally enough provoked retaliation, as seen in bills introduced in the Pennsylvania Legislature. But in bills of this kind care should be taken not to shoot beyond the mark. By arbitrarily fixing too brief a term for the storage of commodities more harm may be done to the masses of consumers than to the objects of hostile legislation.—Philadelphia Record.

New Spring Silks

Are trooping in almost daily. Herein lies matters more fascinating than a fireside tale, for each new arrival is different—each is almost the pink of perfection of its kind. In the color line you'll find pinks, blues, heliotrope, champaigne, white, black, Copenhagen, and all the new shades.

65c Jacquard Eolines, pink, rose, black, navy, Copenhagen, reseda, 27 inches wide for 49c

27c Shantoon Silks, beautiful assortment of colors, now only 25c

New plain cotton Voiles, 28 inches wide, black, navy, tan, white, Alice blue, pink, champagne royal, this week only 19c

75c Foulards, dots, figures and stripes, wide range of colors 59c

27-inch wide figured Japonika Silks, big variety of colors, only 25c

One-yard wide black Oriental Silk, guaranteed spot proof, this week only $1.00

Aviation Caps, made of elder down wool, the latest novelty, big assortment of colors, only $1.50

Lamb's Wool Aviation Caps, solid and combination colors, only 98c

Black Plush Ding-a-Li ng Hats at $1.98

Velvet Ding-a-Ling Hats, only 98c

THE FIRM THAT PAYS YOUR CAR FARE.

HON. F. M. SIMMONS.

High Tribute Paid to Statecraft of Carolinian.

(Baltimore American, 3rd.)

Hon. Cameron Morrison, of Charlotte, N. C., former State Senator and one of the leading lawyers of North Carolina, on being asked regarding the political outlook in the Old North State, said: "We are enjoying the same settled and tranquil conditions that have prevailed for the past ten years, or ever since Senator F. M. Simmons became the dominant figure in the politics of the commonwealth. But for the masterly work accomplished by this man and his genius for statecraft, our destiny might have been very different from the excellent dispensation we now enjoy.

"In 1894 and 1896 a combination of Republicans and Populists attained power in North Carolina, and in '96 carried the State by 40,000 majority, electing all the Congressmen save one and getting a four-fifths majority of the Legislature. Two years later Mr. Simmons was made chairman of the State Democratic Campaign Committee and he turned the tables on the fusionists, beating them by 20,000 and giving back the Legislature into the hands of his party by a preponderance of three to one, besides winning most of the Congressional districts. The Legislature submitted to the voters a disfranchising amendment which was carried in 1900 by 55,000. The same year Mr. Simmons was chosen to the United States Senate as the successor of Marion Butler. In 1907 he was chosen for the second term and two years hence his people will, in my opinion, show that their appreciation and gratitude is as strong as ever by giving him a third election.

"But it is not only their recollection of his loyalty and activity in a stormy period that impels North Carolina Democrats to keep Mr. Simmons at Washington. He is deserving that honor for what he has actually accomplished at the National Capital in the decade of his service. Largely because of his zeal and activity, our State has received as much financial aid from the government for the betterment of our rivers and harbors in the past ten years, as it had obtained in the entire history of the Nation up to the beginning of his Senatorial career. A member of two of the most important Senate committees, Finance and Commerce, Mr. Simmons has made a deep study of the great questions which affect the welfare of the whole people, and his opinion and counsel are sought and valued by his Senatorial associates, as is shown by his membership on the minority steering committee. In retaining him in the Senate, the people of North Carolina are doing themselves the greatest service."

THE STATE BUILDINGS.

Mr. Meares Favors Early Passage of Bill for Bond Issue.

To the Editor:—I have spent the last several days in Raleigh and I wish to say that in my judgment an Administration Building for the State of North Carolina is a necessity at this time. The committees of the Legislature have absolutely no rooms in which to meet. The State rents six or eight inadequate buildings or second floors of buildings all over the city, but above all else, the State library and the law library, worth a quarter of a million dollars, are in an old fire trap which has been condemned by the Insurance Commissioner. Believing, as I do, in internal improvements and in developing the affairs of the State and Nation, I want to give public expression to the fact that this is not a party measure, and that in my judgment the State Buildings should be erected without delay, and I am glad to see that the leading Democrats and Republicans, both papers and men, are heartily in favor of this measure. If the Horne and Boyden bill passes this Legislature, it will be the wisest act that will be passed, in my opinion.

Yours truly,
IREDELL MEARES.

BROWN'S BRONCHIAL TROCHES.
Convenient, effective, safe, for coughs.

"Mr. Morgan."
Will sing big New York success, "Oh! You Dream." **

DAVID'S

OUR usefulness to you as dealers in clothing is shown in other ways than just having clothes to sell. If that were all, we wouldn't be any different from anybody else who has clothes to sell. We are different, because we have

THE COUNTY COMMISSIONERS

Regular Monthly Meeting of Board Yesterday Afternoon—Report of Smallpox Conditions—Routine Business.

The Board of County Commissioners was in regular monthly session for a couple of hours yesterday afternoon but transacted no business of general interest. The Board heard a statement from Dr. W. D. MacMillan, superintendent of health, which was satisfactory, and took up the regular routine, disposing of all matters except those which go over to the Auditing Committee on Thursday.

The Board met at 3 o'clock with Chairman McEachern presiding and Messrs. Vollers, Divine, Metts and Kerr in attendance; also County Attorney Marsden Bellamy, Clerk John Haar and Superintendent of Health MacMillan. After reading and approval of the minutes of preceeding meeting, application of Richard Jordan, Jr., for abatement of poll tax on account of being under age, was referred to the chairman with power to act.

The Superintendent of Health reported 319 cases of smallpox, seven of diphtheria, three of scarlet fever and one of typhoid fever occurring in the county during January, 57 of the cases of smallpox being outside the city. One case of angina pectoris in the camp and one of gastritis in the Home constituted the acute sickness in the public institutions during the month. All the institutions were reported in good sanitary condition. Since last September 37 houses were quarantined and fumigated for smallpox; treated 35 white and 55 colored patients and fed 54 white patients 139 days and 95 colored inmates of quarantine 361 days. There were 4,873 persons vaccinated by the vaccinators employed by the county. Only one case of smallpox is now quarantined in the county.

In view of the strictures by the recent grand jury, Dr. MacMillan, at the request of the Board, made a statement to the effect that both by recommendation of the County Sanitary Board and the City Board of Health, it was decided to rely rather upon general vaccination than quarantine and for that reason all the effort was concentrated upon a stamping out of the disease, rather than quarantining it. He also stated that, while there was no effort to avoid responsibility, the pest house was entirely in the hands of the city authorities. He stated for the information of the Board that the quarantine there had been very effective, only one escape having occurred, the escape in that instance having been speedily captured and returned.

Application of A. H. Stanland, S. A. Schloss, W. L. Burkheimer, C. W. Hollowbush, B. McD. Russell, W. L. West and others interested in the organization of a brass band, asking exemption from taxes on shows for a carnival proposed to be given for the benefit of the organization, was declined under the opinion of the State Attorney General and the county attorney that the Board has no right under the law to abate the taxes.

The county attorney reported in detail the collection of $241.38, net back taxes, since last report.

Bond of W. H. Shearin in the sum of $1,000 as superintendent of county roads, with Samuel Blossom and Jno. D. Bellamy as sureties, was approved.

Applications of Rev. Thos. P. Noe and Mrs. A. M. Holden with reference to tax adjustments, were referred to the chairman and committee with power to act.

The annual report of the James Walker Memorial Hospital was read and referred to the Auditing Committee, which meets Thursday.

Mr. Divine, a member of the committee for selecting the site of the bridge over Northeast river, reported that the committtee had agreed upon a competent engineer, who would report in due time.

After informally discussing a number of matters, the Board adjourned subject to call.

WILMINGTON UNION ACTS.

Protests Against Government Printing of Envelopes—Bill.

The International Typographical Union all over the United States is joining in the general protest over the country against the government's printing of stamped envelopes, which doubtless accounts for some of the annual deficit of the Department with which Postmaster General Hitchcock is now wrestling. The Wilmington local No. 556, at a recent meeting adopted resolutions calling upon members of the United States Senate to vote for the Tou Velle-Nelson bill, which passed the House last June by a large majority. If this bill becomes law the government will be prohibited, directly and by contract, from printing corner cards on stamped envelopes. Just why the government began this business in competition with the printers of the country, with a big subsidy from the government, has always been one of the seven wonders. Now that the International Typographical Union has taken up the fight, the opposition will be cystalized and results may be expected. Mr. Clarence Mattingly, president of the Wilmington Union, is in receipt of a letter from President J. W. Lynch, of the International Union, headquarters in Indianapolis, thanking the Wilmington Union for its very enthusiastic endorsement of the protest.

YOU LOOK OLD.

In nine cases out of ten it is not because you are old, but because you are tired, all worn out, and you act as if you just wondered how you are going to get through the season and do your work.

This condition may be caused by a run-down and debilitated condition, or by a bad cold which has left you without strength or ambition.

We want to ask every such person to try Vinol, our delicious cod liver and iron tonic, without oil. If it does not build you up and make you feel young, strong and well again, we will return the money you paid us for it. Isn't that fair? Robt. R. Bellamy, Druggist, Wilmington, N. C.

I love my "Oh You Dream," but "Oh You Orchestra!" Grand **

THE MOUNT TABOR TRAGEDY

Further Particulars of the Killing of Robert M. Floyd, of South Carolina, by Mrs. N. M. Hayes Saturday Night.

The killing of Mr. Robert M. Floyd, a well known young man of Horry county, S. C., by Mrs. N. M. Hayes, at her home at Mount Tabor, N. C., early Saturday night, brief mention of which was made in Sunday morning's Star, is of much interest in this city, where both were known to a large number of people. The particulars of the tragedy are still very meagre, but the following Conway, S. C., special to Charleston, S. C., News and Courier, of yesterday, gives some additional information:

"Conway, Feb. 5.—Shot four times and instantly killed by Mrs. N. M. Hayes, in her home at Mount Tabor, N. C., just across the Horry line, late yesterday evening, is the fate of Mr. Robert M. Floyd, a native of this county, and until yesterday a student at the South Carolina Medical College, of Charleston, according to reports brought to Conway last night by passengers on the late train.

"Only a few minutes before his death Mr. Floyd had driven up to the Haynes home and, it is said, had been invited in to spend the evening by the husband of the young woman. It is said that Floyd went into the house while Mr. Hayes was ungearing the horse; that the latter heard four pistol shots, rushed in the house, where he found his friend lying dead and his wife standing by; that her only answer to Mr. Hayes' questioning was that Floyd had insulted her and that she had killed him.

"There is no telephone connection between this place and Mount Tabor, but several passengers on last night's train brought news of the killing, around which a cloud of mystery appears to hang. The killing is all the talk here today, all those concerned being well known in the county and prominently connected. Mr. Floyd arrived in Mount Tabor yesterday from Charleston, having come in, it is stated, to spend Saturday and Sunday with his parents, near Galivant's Ferry. Persons living in Conway were on the train with Mr. Floyd when he got off at Mount Tabor, who declare that he stated to them that he stopped there to look after his farm during the day; that a horse and buggy would meet him either at Mount Tabor or at Loris, a nearby town; that he was going to spend the night at Mount Tabor and drive out to his home this morning.

"Probably no further cause for the killing than that already stated will ever be known, as Mrs. Hayes was alone in the house when the shooting occurred.

"There are conflicting reports as to Mr. Hayes' meeting Mr. Floyd at the gate and asking him in, although it is known that the two young men were close friends. Mr. Hayes runs a store and barber shop at Mount Tabor and it is stated that on Saturday evenings business at the place makes it necessary that he remain at the shop very late.

"News of the awful occurrence was a shock to the people of this county, and especially in Conway, where Mr. Floyd has lived and worked for a number of years. He was colporteur for the Waccamaw Baptist Association, which work carried him into the bet homes of the county, and of Marion county, where he traveled quite a good deal during the past several years. Three years ago he resigned this work to accept a position as head bookkeeper in the Bank of Conway, now the First National Bank, of Conway. He spent several months in this position, until the Summer of 1909, when he resigned and made the race in this county for Clerk of Court. He made a splendid race, but was defeated, and later entered the South Carolina Medical College at Charleston, where he would have graduated in April. It was Mr. Floyd's intention to open a drug store in Conway this Summer. While here during the Christmas holidays he practically completed the organization of a company for this purpose.

"Young Floyd was a son of Mr. and Mrs. Math Floyd, of near Galivant's Ferry, in this county. He was about 30 years of age, of splendid educational qualifications, having taught in the schools of the county for quite a while, of pleasant address and pleasing personality. He was modest and gentle, and just why he should be killed in this manner and within six or eight minutes after his arrival at the home of a friend cannot be explained here.

"Mrs. Hayes is a young woman, also prominently connected. She is a daughter of Mr. J. J. B. Harrelson, of Loris, and a sister of the Hon. D. D. Harrelson, of Loris, formerly county superintendent of education in this county, and later a member of the General Assembly from Horry. She and Mr. Hayes were married about three years ago, since which time, it is said, they have lived happily together at Loris, where the husband conducted a store and ran a barber shop in connection. During the fall they left Loris and moved to Mount Tabor, a North Carolina town, about seven miles from Loris. Mr. and Mrs. Hayes have one child, about a year old. There is no telephone or telegraph connection with Mount Tabor today, and no train until late tonight, hence there is no hope that further particulars can be learned tonight."

Locally the News and Courier has the following:

"R. M. Floyd, who was shot and instantly killed at Mount Tabor, N. C., Saturday night, was a senior at the Medical College of South Carolina, in this city. He lived at No. 114 Smith street, together with two brothers, B. W. M. and L. H. Floyd, the latter being also a student at the College. He was twenty-nine years of age, and would have graduated during the coming Summer. The two Floyd brothers and Mr. G. M. Perry, a friend of the dead college student, left Charleston yesterday afternoon for the scene of the killing.

"Floyd left Charleston for North Carolina Saturday morning at 3:20 o'clock, via the Southern Railway. According to a statement made yesterday by Mr. Perry, the unfortunate young man had left the city with the two-fold purpose of buying a drug store in Marion, S. C., and treating a cancerous growth on a woman, whose name Mr. Perry did not know. It appears that young Floyd had been making a specialty of the treatment of cancerous growths for some time past. His friends in this city state that he had attained no little success along this line. Mr. Perry stated yesterday that Floyd had been called to North Carolina and parts of South Carolina several times during the past few years for the purpose of treating cancer patients.

"Young Floyd was a member of the First Baptist Church in this city. He had charge of one of the classes in the Sunday School in this church, and was a member of the choir. The Rev. B. Lacy Hoge, pastor of the First Baptist Church, on hearing of the young man's sudden death, stated last night: 'I regarded Mr. Floyd as one of the most promising young men of the city. Not only did he take a lively interest in the affairs of his church, but he also found time to assist a number of young men in making their way through the college.'"

From Whiteville.

Whiteville, N. C., Feb. 6.—From what can be learned of the Mount Tabor tragedy here, young Floyd made a practice of traveling over the country treating moles on the face and Mrs. Hayes had been a patient of his. It is said that Mrs. Hayes wrote a letter to Floyd asking him to come to Tabor and see her and that it was at Mrs. Hayes' request that he was there. A coroner's jury yesterday held an inquest over the body and returned a verdict that "deceased met his death from pistol wounds at the hands of Mrs. R. D. Hayes." Dr. J. W. Floyd testified that he found three wounds in the body, any one of which was sufficient to produce death. Mrs. Hayes was the only other witness heard. She said that Floyd came to the door and tried to open it; she went herself to the door, which was locked and opened it. He spoke to her, came in and shook hands with her. He asked how the mole was getting on and witness told him it was doing very well, that it was not as bad as it had been. Witness then said he put his fingers on mole and felt it, then put his arm around her neck and began pinching her cheek. Witness remonstrated with him and he then made an improper proposal, offering to treat the mole for nothing and offering a money consideration. Floyd then tried to force himself upher and a scramble ensued in which they fell on a bed in the room and she reached for the pistol under the pillow, placing the barrel against his breast and firing, when he was warned that she was going to shoot. He tried to take the pistol from her and she ran backwards, firing at him. She fell out of the door and he fell at the door. She then ran back to the house, secured another pistol and shot him again. She does not know how many times she shot him. Witness said there had never been any improper relations between them though he had visited the house several times. She said that she shot him nine times all told, first with an automatic pistol and the last time with a Smith & Wesson.

SPENT SUNDAY IN THIS CITY

Hon. C. D. Hilles, Assistant Secretary of Treasury, Guest of Collector of Customs Keith—Enjoyed Stay Here.

Wilmington had a distinguished visitor Sunday in the person of Hon. C. D. Hilles, Assistant Secretarp of the United States Treasury, who arrived about 9 o'clock in the morning from Charleston, S. C., on the revenue cutter Yamacraw, and remained in the city until the departure of the 7 o'clock northbound train, when he left for Washington. Mr. Hilles was accompanied by his friend, Mr. Wiley, who was his guest on his brief trip South.

Mr. Hilles left Washington last Thursday and visited Columbia and Charleston, S. C., before coming here. Although his visit to Wilmington was unheralded, not even being known by the collector of customs, Mr. B. F. Keith, whose guest he was, until his arrival, the distinguished visitor was royally entertained by Wilmington business men and the collector of the port. The visitor spent the entire morning with the collector of customs and in the afternoon he was taken on an automobile trip to Wrightsville Sound, in the party being Mr. J. Allen Taylor, president of the Chamber of Commerce; Mr. Chas. N. Evans, president of the Wilmington Commercial Club; Collector of Customs B. F. Keith, Messrs. Z. W. Whitehead and C. W. Polvgot, Capt. R. O. Crisp, of the revenue cutter Seminole, and Capt. Best, of the Yamacraw. Returning to the city late in the afternoon, Messrs. Hilles, Keith and Wiley and Capt. Best had dinner on the Yamacraw, while Messrs. Taylor Evans, Polvogt and Whitehead were entertained on the Seminole by Capt. Crisp.

The visitor was very much impressed with the possibilities of this port and entire section and greatly enjoyed his stay here. He spoke in high praise of the good roads in this county over which he was taken for the automobile spin. He remarked upon the splendid site for the proposed new custom house and it is understood that he said that Wilmington should certainly have its new custom house at the earliest possible moment, and further that the appropriation should be increased so that storage facilities, which this port needs greatly could be provided.

The Yamacraw, which is stationed at Savannah, Ga., remained in port until yesterday morning.

"Mr. Morgan."

Will sing big New York success, "Oh! You Dream." **

THE BOARD OF ALDERMEN

Regular Monthly Meeting Last Night—Resignation of Street Commissioner Parsley Not Accepted—Screen Ordinance.

The time of the Board of Aldermen in regular monthly session for two hours and a half last night was taken up with routine matters for the most part. A matter of considerable interest was the resignation of Mr. W. L. Parsley as a member of the Street Commission, but upon motion the clerk was instructed to write him a communication asking that he withdraw his resignation. Another matter of more than usual interest was a petition of a large portion of the ladies of the city that an ordinance be adopted requiring the screening of all meats and vegetables offered for sale and also the installation of sanitary refrigerators for keeping of meats offered for sale. A committee was appointed to draft the ordinances desired.

The board met at 7:30 o'clock, with Mayor Walter G. McRae presiding and Aldermen Yopp, West, Hinton, Bonitz, Stone, Hall, Ellis, Fales and Rehder, City Clerk and Treasurer Fowler and City Attorney Herbert McClammy in attendance.

After the reading of the minutes of the previous meeting reports were received. The Street Commission reported the expenditure during the month of January of $934.01 and the Water and Sewerage Commission paid out $4,904.89. A report was also received from the Health Department, showing somewhat in detail what was accomplished in the campaign for the eradication of smallpox.

Alderman Stone, of the Finance Committee, reported that Richard Hewlett, a delivery boy for the Wilmington Grocery Co., was hurt by falling from his bicycle when he ran into a manhole projecting above the level of the street at Fifth and Market, some weeks ago, and that a claim had been presented. Upon motion, the matter was referred to the City Attorney and Finance Committee, with power to act.

In behalf of the ladies of the city, particularly those who compose the membersnip of North Carolina Sorosis, Hon. John D. Bellamy and A. G. Ricaud, Esq., appeared and presented a memorial asking that the Aldermen adopt an ordinance requiring that all meats and vegetables offered for sale be screened and that sanitary refrigerators be installed. The resolutions as adopted by Sorosis follow:

"Resolved, First, That the members of the North Carolina Sorosis deeply deplore the recent action of the Board of Aldermen of the City of Wilmington, in again granting permission to merchants and hucksters for foodstuffs to be displayed in the markets and in front of stores, unscreened and exposed to flies and the dusts of the streets, thereby subjecting meats and fruits to contamination with germs and rendering the same unpalatable and practically unfit for use, as well as endangering the lives of 25,000 inhabitants;

"Resolved, Second, That we most earnestly pray and petition the Honorable Mayor and Board of Aldermen of the City of Wilmington to rescind the permission heretofore granted to merchants and hucksters, and to pass an ordinance compelling the proper screening of all meats, fish, vegetables and eatables displayed in public, and the installation of sanitary refrigerators for the proper protection of all meats offered for sale in this city;

"Resolved, Third, That a copy of these resolutions be transmitted to the Honorable Mayor and Board of Aldermen of the City of Wilmington, requesting that immediate action be taken to comply with the above resolutions."

There was also presented a petition from a number of house-keepers endorsing the resolutions of Sorosis and joining in the request for the ordinance sought. Both Messrs. Bellamy and Ricaud made strong and effective appeals to the Aldermen to listen to the petitions of the ladies. After a full discussion the Mayor, upon motion, appointed Aldermen Hinton, Bonitz and Hall as a committee to assist the City Attorney in drafting an ordinance to be submitted at a special meeting to be held within a week. It seemed to be the sense of the board that the petition be granted.

Hon. John D. Bellamy called the attention of the board to the removal of land markers or monuments in different sections of the city, and said that it was unlawful for the position of these stones to be removed. He merely suggested to the board that it look into the matter, as some litigation might result later.

The Standard Oil Company asked for and was granted the privilege of laying eight-inch petroleum pipes to take the place of six-inch pipes now used, on the following streets: Second, from Standard property at Brunswick to Bladen; on Front, from its property to Hanover, and Hanover to property of A. C. L.

Alderman Fred W. Bonitz, chairman of the streets and wharves committee, reported that most of the street hands have been laid up either on account of smallpox or vaccination. Alderman Yopp, at the request of members of Sorosis, moved that the mistletoe be taken from the trees of the city. The motion did not meet with a second.

Alderman Ellis, chairman of the Sanitary Committee, in making his report, presented a request from Dr. Joseph Akerman, city superintendent of health, that Health officer E. Piner be allowed $10 a month extra for the past three months, on account of his increased duties as fumigation officer, due to the prevalence of smallpox. The request for the extra amount was allowed.

Upon motion of Alderman Hinton, seconded by Alderman Hall, the board voted to give Dr. Akerman $600 extra for his services during the past three months in coping with the smallpox situation, he having given his undivided time and attention to this work, temporarily giving up his practice to look after the interest of the city.

Alderman Hinton said that this amount had been recommended by a member of the City Board of Health.

Bids were presented by Alderman Stone for repairing the market house wharf. The lowest was that of W. D. Caldwell, for $825, not including some extras. He recommended that this bid be accepted and that $1,000 be appropriated, so as to cover any extras. The recommendation was adopted.

Alderman Hinton, chairman of the Water and Sewerage Committee, reported that the contract for sinking several deep wells, for which bids were called for some time ago, had been let at last to Mr. T. W. Callahan. The action of the committee was confirmed by the board. At the suggestion of City Engineer Humphreys a motion was adopted to the effect that the city building inspector be instructed not to issue any building permits until the application has been approved by the city engineer. There was no action on a communication from Mr. J. M. Woolard, calling attention to the condition of Front street at Chestnut street intersection. A resolution was offered by Aldermen West to be the effect that all members of the board be given at least 12 hours' notice of any special meeting of the body. The resolution was unanimously adopted.

The resignation of Mr. W. L. Parsley as a member of the Street Commission, as read to the board, was as follows:

"Wilmington, N. C., Feb. 4, 1911.

"The Honorable Mayor and Board of Aldermen, City of Wilmington, N. C.:

"Gentlemen—As an appointee of the Board of Aldermen, I hereby tender my resignation as one of the Commissioners of Streets.

"The Commissioners of Streets are prevented from carrying out the object of their appointment by the failure of your board and the Water and Sewerage Commission to do the work expected of them in the construction of a sanitary sewerage system, provided for by Act of the General Assembly of 1907, authorizing the issue and sale of bonds for this purpose.

"There is not a single street within the city limits which can be improved under present conditions, with the assurance that it can be done without the wasteful expenditure of funds intended solely for permanent work and its maintenance. Permanent work being impossible, no work is preferable to wasteful expenditure.

"A community does not trouble itself to study the whys and wherefores but it looks for results. When it drives over streets like Front and Red Cross, it is sufficient to know that there is a Street Commission with funds to its credit, and, accordingly, it criticises this commission unsparingly without further effort to inform itself.

"To sacrifice one's self to criticism when believing that some public benefit is being accomplished is one thing, but it is something entirely different to know that one's hands are tied so that he is doing nothing, and can do nothing, to accomplish this object.

"This is the position of the Commissioners of Streets, and I, as one of this board, am unwilling to occupy it any longer. Respt.,

"W. L. PARSLEY."

Alderman West moved that the resignation be accepted and the board deny the allegation that the Aldermanic body is responsible for the delay in the sewerage matter, and also that the letter of Mr. Parsley be sent to the Water and Sewerage Commission. Alderman Hall offered as a substitute that Mr. Parsley be requested to withdraw his resignation. After discussion Alderman West withdrew his motion as to acceptance of the resignation, and the motion of Alderman Hall prevailed. The clerk was instructed to forward the letter to the Water and Sewerage Commission.

A communication was received from Capt. C. R. Branch, calling attention of the board to a violation of the ordinance regulating hack charges in the city by Sam Moore, badge No. 12, stating that the hackman endeavored to collect 50 cents for a trip within the city when 25 cents is the amount allowed under the ordinance. The matter was referred to the chief of police for investigation and immediate action.

A request of some twenty-five citizens desiring to organize a band in Wilmington, that they be permitted to hold a street fair and carnival, was not granted.

The Wynnewood Lumber Co., on the northern section of the city, through a communication, requested the board to complete the road to its plant and also give the plant water for fire protection. The city has completed its portion of the road, and the Atlantic Coast Line was to extend it to the factory. The city attorney was instructed to take the matter up with the proper Coast Line officials. The clerk was instructed to request the Water and Sewerage Commission to extend the water main to the plant.

Alderman West asked for an appropriation of $1,000 for improving Brunswick street from Nutt to Third street, so as to make it passable, but the motion did not reecive a second.

Maria Quarterman was allowed to change location of her restaurant from Sixth and Castle streets to No. 24 Water street; C. C. Wilson, colored, was refused restaurant license, at No. 716 Nixon street; Daniel Otlam was granted license to conduct restaurant on Seaboard Air Line yards, his application stating that there would be no near-beer or night business, and Theo. A. Wall, colored, was granted license to conduct restaurant at No. 7 Dock street.

Civil Service Examinations.

The U. S. Civil Service Commission announces examinations at Wilmington April 5th for male stenographers and typewriters in the government service, especially at Washington, D. C. The entrance salary is from $840 to $940 per year with excellent opportunities for advancement. The chairman of the local board of examiners at the postoffice building can give all information.

Wife Got Tip Top Advice.

"My wife wanted me to take our boy to the doctor to cure an ugly boil," writes D. Frankel, of Stroud, Okla. "I said, 'put Bucklen's Arnica Salve on it.' She did so, and it cured the boil in a short time." Quickest healer of burns, scalds, cuts, corns, bruises, sprains, swellings. Best pile cure on earth. Try it. Only 25c at R. R. Bellamy's.

Uncle of Dr. Wells Dead.

Rev. Dr. John M. Wells, pastor of the First Presbyterian Church, received a telegram yesterday morning conveying to him the sad intelligence of the death of his uncle, Rev. Henry Miller, which occurred at his home at Rock Bridge Baths, Va., yesterday morning. The particulars were not given. He was about 55 years old. Dr. Wells left in the afternoon to attend the funeral services.

SOCIAL and PERSONAL

Brief Mention, News of Societies, Meetings, Etc.

Hundreds of friends of Maj. E. W. VanCourt Lucas, in this city, will learn with much regret that he is very ill with pneumonia at his home in New York City. The last report, however, is that Maj. Lucas was somewhat improved and many friends sincerely hope that this improvement will continue from day to day until he is fully restored to health.

PERSONAL PARAGRAPHS.

—Mr. H. H. Ford has returned from a visit to his sister in Raleigh.

—Capt. R. P. Paddison, of Point Caswell, was a business visitor to the city yesterday.

—Mr. L. W. Davis left Sunday night for New York to purchase stock for the wholesale department of his store.

—Senator Geo. H. Bellamy and Representative Woodus Kellum spent Sunday here, arriving from Raleigh Saturday night.

—Mr. Vance Norwood, publisher of the French Broad Hustler, at Hendersonville, N. C., who is well known in this city, where he formerly lived, is spending a few days here on business.

LOCAL DOTS.

—By deed filed for record yesterday Augustus M. Chinnis transfers to E. M. Bellamy, for $2,525, lot on east side of Front, 99 feet south of Walnut, 33x165 feet in size.

—The feature of the regular weekly meeting of the Wilmington Ministerial Association yesterday morning was an address by Rev. Harold E. Beatty, pastor of St. Matthew's English Lutheran Church, who had as his subject "Inner Missions," which was heard with interest by the large number of ministers present.

—The new telephone directory has just been printed and delivered. Judging from the number of new names appearing, the subscription list has been materially increased. The manager states that if there are any subscribers who have failed to receive a copy of the new directory, he will gladly send them a copy upon request.

—A civil action entitled O. J. Tatum against C. D. Gilbert was instituted in Justice Harriss' court yesterday. The plaintiff, who lives at Kerr, N. C., is suing for the recovery of $36 alleged to be due for pork shipped to the defendant. It is claimed by the plaintiff that the defendant contends that $19 is the amount which should be paid. The matter will be investigated this morning.

—George Bishop and Mary Ella Boone, colored, were united in marriage yesterday morning, Justice Geo. Harriss performing the ceremony, which took place in the justice's office. While the justice is somewhat new at the business of marrying people, it is said that this could not be detected from the manner in which he officiated, but rather he would have put some of the other magistrates to shame as to impressiveness.

—Attachment proceedings were instituted in Justice Harriss' court yesterday by A. S. Winstead & Son against the Wm. G. Bailey Produce Co., of New York, for $50 alleged to be due the plaintiff. Money belonging to the defendant in The American National Bank was attached and a garnishee served on the bank officials to appear on March 7th and show what amount of money the institution has on deposit belonging to the company.

THE RECORDER'S COURT.

Several Cases Were Investigated at Yesterday's Sitting.

The Recorder had several cases to claim his attention at yesterday's session of his court, but most of the defendants were charged with drunkenness and were let off upon the payment of the usual fine and costs. J. H. Eagles, colored, paid a fine of $5 and costs for drunkenness and disorderly conduct. J. Hollan, a white man, was assessed $5 and costs for drunkenness and disorderly conduct, and Bud Swan, also white, paid the same amount for a similar offense. Chas. Capps, for assault and battery was required to pay the costs.

The most important case was one against Jas. Featherly, colored, charged with riding his bicycle on the streets without a bell. He was required to pay a fine of $5 and costs. It appears that he ran over a white boy by the name of John Biddle at Seventh and Castle streets Sunday afternoon, but the youth was not seriously hurt. It was purely an accident but the negro was violating the law by not having a bell on his bicycle.

A case against Will Alford, colored, charged with assault on Ethel Holman, colored, was continued until today, as were also cases against C. S. Riggs and Grover L. Riggs, white, of East Wilmington, charged with failure to be vaccinated.

FOR THE THIN AND SCRAWNY.

Samose Will Make You Plump and Rosy, Says J. Hicks Bunting.

If you are getting thin you are sick, although you may not know it. If you are losing weight steadily, there is something wrong that needs looking after. If you have always been thin it doesn't follow that you are sick, but you may not be healthy. You cannot be strong if you are thin.

Try then to be healthy and plump, it is not difficult if you know how.

The only way to increase the weight and gain health and flesh is by using Samose, the standard flesh forming food and tissue builder. It mingles with the food you eat and is assimilated so that all the flesh forming and tissue building elements of the food are retained in the system. This explains the great value of Samose.

Weigh yourself before you begin using Samose. It will not cost you a cent unless it increases your weight and restores your health.

J. Hicks Bunting Drug Co., sells every package on a genuine guarantee to refund the money if it does not do all that is claimed for it.

A SUNDAY SCHOOL MEETING

State Secretary J. Van Carter Here in Interest of Annual Gathering of Sunday School Association in High Point.

Secretary J. Van Carter, of the North Carolina Sunday School Association, is in Wilmington this week in the interest of the organized Sunday School work. Mr. Carter says the State Association is making great plans for the State convention to be held at High Point April 26, 27 and 28th, and the local committee at High Point is making preparations to entertain all delegates who attend.

At the meeting of the local committee held in High Point last week arrangements were made for the entertainment of 700 delegates. The organized Sunday School work is carried on in the Nation, State, county and township by means of an interdenominational association of the Sunday School workers who meet to discuss better plans, methods and equipment for the individual Sunday School. North Carolina has had this State Association since 1882, and thus far about 53 of the counties are organized. It is backed by such Sunday School and business men as N. B. Broughton, of Raleigh, representing the Baptist church; Geo. W. Watts, of Durham, representing the Presbyterian church, and W. B. Cooper, of this city, for the Methodists, as well as equally strong men of the other denominations.

Mr. Carter says that the convention at High Point will reach the high water mark in attendance as that section of the State is thoroughly organized, and when he places the delegation at 700 he is being conservative, for two years ago when the convention was held in Burlington, another of the thoroughly organized counties, there were present 900 delegates, and the reason for the smaller delegation at High Point is due to the fact that with this convention the body becomes a delegated one.

Among the speakers that will be at High Point to meet and confer with the Sunday School delegates will be Mr. Marion Lawrence, of Chicago, general secretary of the International Sunday School Association, who is considered to be the greatest authority on Sunday Schools in the world. The music will be in charge of Mr. Charles Butler and wife, formerly with the noted Evangelist, Rev. R. A. Torrey. The people of Wilmington will recall the fact that Mr. Butler was in this city during the recent Torrey meeting and his singing was considered to be of a fine order.

Mr. Carter will spend the week in Wilmington meeting the Sunday School people and getting them interested in the State work and as New Hanover is not an organized county, he will be pleased to confer with those Sunday School workers who are contemplating attendance upon the State convention so that they may be appointed delegates and entertainment be provided for them. Mr. Carter may be found by communicating with the Y. M. C. A. office.

MR. HENRY BORDEAUX BURNED.

Seriously Injured as A Result of Gasoline Explosion on Boat.

As a result of a gasoline explosion on his launch on the Cape Fear, 18 miles above Wilmington, Saturday afternoon, Mr. Henry Bordeaux, of this city, is at the Wilmington Sanitarium suffering with severe burns about the face, arms and hands. The launch was destroyed by the fire which followed the explosion.

Losing a propeller from his boat while engaged in towing a raft to the city with his launch, Mr. Bordeaux came to the city for a new propeller and returned with Mr. Louis Hanson in the latter's launch. They affixed the propeller to the disabled launch and then it was discovered that the supply of gasoline in Mr. Hanson's boat was insufficient for the return trip. It was decided to transfer some of the gasoline on Mr. Bordeaux's launch to Hanson's launch and the tank on the former's boat was disengaged for this purpose. One of the party holding a lantern stumbled and the flames came in contact with fumes from the gasoline tank, causing the explosion. Mr. Bordeaux was nearest the tank and was the only one of the party burned. Mr. Bordeaux's launch was rapidly consumed by the flames. Mr. Bordeaux was brought to the city as soon as possible and is being given attention at the sanitarium. He was reported as resting as well as could be expected at last accounts.

HURT IN RUNAWAY ACCIDENT.

Mr. James Little, of Wrightsboro, Received Broken Leg Yesterday.

Mr. James Little, of Wrightsboro, is in the James Walker Memorial Hospital with a broken leg, as the result of being kicked by a horse belonging to Mr. H. L. Simmons, of this city, which he was driving to a wagon from Wrightsboro to this city early yesterday afternoon. It is stated that at a point near Moore's brick yard the horse began kicking, striking Mr. Little a terrific blow on one of his legs, and then the animal ran on toward town at breakneck speed. Fortunately, Mr. Little was able to stay in the wagon and to keep the horse in the center of the road, and was not injured except the broken leg received by the kick. The animal was stopped near the railroad bridge, in the edge of the city, and Mr. Little was hurried to the hospital for attention. He was resting as well as could be expected last night.

Hicks' Capudine

Cures Headaches—All Kinds—Grippe, Colds, Aches From Malarious Conditions, Etc.

Capudine cures Headaches, whether from heat, cold, brain-fag, over-exertion or stomach troubles. It cures sick headaches and nervous headaches also.

Capudine is also the quickest and best remedy for attacks of Cold or Gripp It relieves the aching and feverishness and restores normal conditions.

Capudine is liquid—easy and pleasant to take—acts immediately. 10c., 25c. and 50c. at drug stores.

..Theatrical..

Tonight the Academy will offer a very exceptional attraction in a superb cast presentation of Pietro Mascagni's celebrated and richly melodius "Cavalleria Rusticana" by the Robinson English Grand Opera Company. Something splendid is promised and two features of the evening of high class music will be the presentation of the American operatta, "The Rose of Aubergne," as a curtain raiser, while still another will be the playing of the company's ladies' orchestra, under the direction of Miss Nellie Chandler, a graduate of the New England Conservatory of Music, Boston.

MISS HERTHA HEYMAN.

Noted Soprano With Robinson Grand Opera Co.

So all-in-all a rare musical event is promised and, no doubt, a large audience will be on hand to witness the presentation, which will be correctly and superbly made as to stage setting and electrical effects. The principals to appear tonight are well known artists and have been highly praised by the press of the State. The prices for tonight ascend only to $1 and seats are now on sale at Plummer's.

"Cavalleria Rusticana," originally written as a drama, produced by Alexander Salvini, and afterwards set to music by Mascagni, is essentially a cast Grand Opera and one of the few which does not require a choral ensemble. It does however, necessitate an unusual cast of artists and an excellent orchestra to sustain the high standard set by the Great Masters.

The Climax Next Monday Night.

One of the dramatic treats of the season will occur on next Monday evening at the Academy when Joseph M. Weber's charming play, "The Climax," which has had a successful run of nearly two years at Webef's Theatre, New York, will be presented here for the second time. The beautiful incidental music was written by Joseph Carl Breil, the most notable of which is "The Song of the Soul."

The Jolly Blanche Ring Songs.

Have you ever heard "Yip-i-addy-i-ay?" Do you know "Nora Malone?" If not get acquainted. You will have an opportunity when Blanch Ring comes to town. The inimitable, the delightful, the charming Blanche Ring. What adjectives could be employed to give Miss Ring her just due? It is very difficult to say. Who can sing a song like her? Are you grouchy or glum? See Blanche Ring. Have you got dyspesia? Is your liver in bad order? In fact, any ills, imaginary or otherwise, can be cured by one application at the box office wherever Miss Ring appears. Don't blame us, but take a copy of this recipe and you will forever feel you are in her debt.

Miss Ring comes to the Academy Tuesday night of next week, February 14th.

Grand Theatre.

Today brings forth another big show at the "Theatre Beautiful," however, it is useless to say "big show" as every day is big. It is surprising to know how many people have become regular patrons of the Grand who never before were in the habit of attending this form of amusement. Any number of people who travel considerably have taken time to call and congratulate Mr. Solky on the fine class of pictures which are shown and have stated that they have not seen anything that would surpass and few that could equal the Grand. Now this is pretty good proof that this house is ranked among the best in the country and that the class of shows given could not be improved on.

There are three new reels of pictures every day and besides, an up-to-the-minute orchestra, and last but not least, Mr. Harry Morgan, the New York City baritone. Mr. Morgan's songs are changed daily and he has selected as his song today, "Oh You Dream." This is decidedly pretty and has beautiful illustrations. The pictures for today are, "Davie Jones In the South Sea," a great comedy, and two other up-to-date reels. Doors open at 11 A. M.

Crystal Palace.

Everything at the popular vaudeville theatre this week is first-class in every respect. The acts are each and all said to be exceptionally good and the three combined with the pictures and the artistic singing of Mr. Whitten makes an attraction not only unique but unparalleled heretofore. Yesterday Wilmingtonians heard for the first time the 'Golden Voiced Tenor of the South," Mr. Whitten, and showed their appreciation of his sweet, melodic voice by enthusiastic applause. He was encored at every performance. Today he repeats "Whispering Breezes." The selections being rendered by the nobby "Song Story Girls" include "Put Your Arms Around Me Honey," "Play Ball With Me Dearie," and others. D'Auldin and Fritz are sword swallowers of world renown, and their act must be seen to be appreciated. Mr. Younkin is the cleverest juggler that has been presented here, his mastery of the "Devil Sticks" (the successor to the game of Diaolo) is indeed wonderful. The pictures for today include a panorama of New York City, a Western comedy, "Doings at the Ranch," and a thriller entitled, "Flight Across the Atlantic."

At the Bijou Today.

The Bijou offers an unusually attractive bill today, featured with "Three Sisters," an excellent Biograph subject, portraying the romance of a pretty shop girl. This picture has proven a winner wherever shown and is highly recommended to the patrons of the Bijou as one of the best ever shown at the retreat. There will also be shown today, "Forgiven," a dramatic production, and "Changing Cooks," which, as its title indicates, is a laugh provoking subject.

Y. M. C. A. "GYM" CLASSES.

Began Second Term's Work Last Night—Interesting Notes.

The gymnasium classes at the Y. M. C. A. began the second term's work last night with a good attendance in both groups. With a complete new water heating system in the bath department that can supply more than enough hot water for all the members taking baths, the physical department hopes to make this the banner year's work. The men that took the graded work last Fall have been divided into two groups and will hereafter be known as the beginners and the advanced class. All men who desire the gymnasium work should join class now while the new men and some of the old ones are doing the easier work.

The Fellowship Supper and the Bible Class still continues to interest a large number of men and boys and new names are being added to the list of those who wish to take advantage of the opportunity to study the Word of God. In the absence of Rev. Dr. McClure, the faithful teacher of this class, who is sick, Rev. J. C. Wooten taught the lesson last evening.

The directors of the association will meet in the director's room tonight at the usual hour. Several matters of importance will be taken up which are of vital interest to the board as well as to the membership.

MISSED WIFE HIT ANOTHER.

Frank Kitt, Colored, Shot Sunday Night by John Brown.

Frank Kitt, colored, was shot in the hand with a breech loading shot gun Saturday night about 10:30 o'clock by John Brown, colored, who fired at his wife, with whom he had quarreled earlier in the evening. The shooting occurred in the alley surrounded by Seventh and Eighth and Wooster and Dawson streets. It appears that Kitt, an innocent by-stander, was near the woman and received the contents of the gun intended for her. The police were notified and Kitt was sent to the James Walker Memorial Hospital, where he is being given attention. Brown immediately left the scene and has not been apprehended.

A CARD.

We wish to sincerely thank all our friends who were so kind to us, and who gave us their time and sympathy and love during the long illness of our mother; and who stood so true to our every need in the dark hour of death. We shall always hold you near to our hearts and shall never forget your many kind deeds of tenderness and of love. May the Lord richly bless you all.

G. G. NELMS AND BROTHERS.

REV. MR. SNYDER DECLINES.

Will Remain With St. Paul's Lutheran Church, of This City.

Throughout the city, regardless of denominational lines, there will be sincere pleasure in the announcement that Rev. W. A. Snyder, pastor of St. Paul's Lutheran church, this city, after mature deliberation and prayer, has decided to decline the very flattering call recently extended to him to become pastor of St. Paul's Lutheran Church at Columbia, S. C. The South Carolina call had every element of attraction for Mr. Snyder, but he decided that the path of his duty lay in a continuance of the work, which he has so auspiciously begun in Wilmington, and the Star is sure that everywhere this decision will be received with genuine gratification. Rev. Mr. Snyder is recognized as one of the most scholarly and intellectual forces in the Wilmington ministry and has taken a prominent part in all that has made for the upbuilding and the moral uplift of his community. This city can ill afford to lose men of the character and type of this gifted minister.

Do Ladies Know the Value of Money?

Some married men say they do not, but we think that ladies are better judges of values than men. A man is apt to buy from his friends or from men who belong to the same lodge or society, but ladies look the market over, and when they finally buy they usually get their money's worth. But due to the extensive credit system in vogue in this city, the ladies have not been getting good shoe values. They have been compelled to pay more than the actual cash value for shoes.

Ladies, We Have a Surprise for You!

Our $3.50 shoes are as good as you have been in the habit of buying for $5.00. How is this possible? We are glad you asked the question, as we are glad of an opportunity of explaining why we sell a ladies' shoe for $3.50 equal to the $5.00 shoe sold in other stores who sell on credit. We buy direct from a manufacturer who makes 7,000 pairs of shoes every day. We buy for cash and get the benefit of the cash discount, and we do not sell any shoes to people who do not pay for them.

Just think of it! Wonderful, isn't it? The very latest models in in Cravenette, Suede, Russia Calf, Gun Metal, Patent Kid, Vici Kid and Patent Pony Leather in button or lace. slant top, low, medium or high heels, with flexible soles, for $3.50 a pair.

Something New Every Week. If it Is on Fifth Avenue Today, We Will Have it Tomorrow.

FINANCIAL and COMMERCIAL

FURTHER DECLINE IN COTTON

Dropped Down 28 Points Under Closing Figures of Saturday—Caused by Bear Pressure and General Liquidation.

New York, Feb. 6.—There was another sharp break in the cotton market today under heavy general liquidation and bear pressure with May contracts selling as low as 14.37, or 28 points under the closing figures of Saturday and 113 points below the high record of the season. The close was steady on covering, but last prices showed a net loss of from 10 to 25 points.

New crop positions were relatively steady all day owing to the continued drouth in the Southwest, while the old crop seemed to be influenced by less favorable reports from Liverpool, which, in connection with the continued heavy receipts, appears to have inspired a strong feeling against the market and also to have led to the liquidation of some of the older and stronger long lines.

The market opened weak at a decline of 16 to 20 points on the old crop and of 8 points on the new crop deliveries.

There was considerable covering on the initial break, but after a rally of 8 or 9 points from the lowest, the market weakened again under renewed liquidation and bear pressure. Stop loss orders were uncovered as prices broke into the new low ground and before the decline was checked active positions were selling 28 points under the closing figures of Saturday, while the new crop was 12 points net lower. This was followed by a rally on covering by Wall Street shorts and others, but offerings showed a tendency to increase on comparatively small bulges and last prices were only five to six points up from the lowest on active months.

Receipts at the ports today 26,048 bales against 21,792 last week and 8,842 last year; for the week 150,000 against 182,598 last week and 90,830 last year. Today's receipts at New Orleans 5,096 bales against 1,405 last year, and at Houston 9,234 against 4,759 last year.

Spot cotton closed quiet, 20 points lower; middling uplands 14.45; middling gulf 14.70; sales 2,008 bales. Futures opened weak and closed steady.

Month:	Open.	High.	Low.	Close.

DECLINE WAS UNEXPECTED.

Disappointed Holders Caused Cotton to Drop—Recovery Expected.

(Special Star Telegram.)

New York, Feb. 6.—The decline today exceeded expectations, both in Liverpool and here. It appears to have been caused by liquidation by disappointed holders at the continued heavy movement and the poorer trade reports from Manchester. A further decline in silver ore is believed to have had its influence on Manchester, but it is more likely that the large business reported from that market during December was to some extent speculative, as there is quite as much of that character of trade in goods and yarns as in cotton in that market. An effort to hedge holdings of yarn in the Liverpool cotton market might well have caused the weakness abroad.

Here we find everyone tonight looking forward to a sharp recovery at, (practically everyone expresses that opinion) which leads us to believe there is lots of short interest than when May was selling at 15 cents. No one believes that the larger long interests have parted with their holdings, but many think that the decline of the last five days has liquidated a market which has been bulled on small crop estimates for five months. Liverpool should come four points lower tomorrow, but this is not thought probable.

PORK—8 to 10 cents, net.

SHEEP—No demand.

LAMB—$1.00 to $2.50.

PEAS—White peas, $2.75 to $3.00.

IRISH POTATOES—New crop 80 to 90 cents, dull.

STOCKS LAPSE INTO DULLNESS

Following Brief Period of Activity—Shares of Southern Railways Moved Up Briskly on Cotton Reports.

New York, Feb. 6.—After a brief period of strength and activity in the early part of the day, the market fell into a state of dullness which restricted price movements during most of the session of narrow limits. Prices advanced readily in the first hour under the stimulus of a resumption of last Saturday's buying and anxious efforts of the short interests to cover. With the execution of the buying, orders which had accummulated over the week-end, demand fell off appreciably.

Traders who have been persistently attempting to force a reaction, seized the opportunity to sell the market which eased off but not to an extent sufficient to lend much encouragement to beer operators. During the remainder of the day prices held fairly steady at a point somewhat below the best, but in the final hour of the gains were wiped out. New York Central and United States Steel were especially at the close.

Some selected issues held their strength well through the day. Reading reached 161 1-2, but declined at the close. Shares of the Southern railways—Louisville and Nashville, Atlantic Coast Line and Chesapeake and Ohio—moved up briskly on reports of increased cotton shipments coupled with the prophecy that the cotton crop would be shown to have been larger than was estimated. Reports of better conditions in the steel trade had a favorable effect on prices of a number of equipment companies, including American Locomotive, Pressed Steel Car, and American Car.

Missouri Pacific touched its high point of the year when the report became current that an experienced Western railroad man had been selected as its executive head. Shares of the Texas Company declined abruptly at the news of a proposed bond issue of $12,000,000, but later recovered most of the loss.

Announcement that several thousand employes of the Gary Mills would resume work within the next few weeks and the December statements of the Chicago and Northwestern and the St. Louis and San Francisco railroads helped to give a favorable tenor to the day's developments.

The Northwestern Line reported a net increase in earnings of $667,000 and the St. Louis and San Francisco for lines a net gain of $200,000.

Bonds were steady. Distilleries securing strong. Total sales par value $2,949,000. United States were unchanged on call.

Total sales of stocks today 535,100 shares.

THE GRAIN MARKET.

Chicago, February 7. — Widespread snow directly a benefit to fall-sown grain, carried down the price of wheat today. The far Southwest, though, where moisture would be of the greatest help, received but little. In consequence, the decline was checked. The market closed with a net loss of only ¼ to ⅜c. Corn closed unchanged to a sixteenth lower. Oats were off a shade to a quarter, and provisions unchanged, not changing more than 5 cents either way.

Wheat—No. 2, red, 94½@95½; No. 3, red, 93@95; No. 2, hard, 94½@96¾; No. 3, hard, 93@95½; No. 1, northern, 1.02@1.05; No. 2, northern, 1.00@1.04; No. 3, hard, 93@95½; No. 1, northern, 1.02@1.05; No. 2, northern, 1.00@1.04; No. 3, northern, 98@1.03; No. 2, spring, 94@1.00; No. 3, spring, 92@99; velvet chaff, 85@99; durum, 85@93½.

Corn—No. 2, 47½@47¾; No. 2, white, 47½@47¾; No. 2, yellow, 47¾@48¾; No. 3, 47¼@47¾; No. 3, white, 45½@45¾; No. 3, yellow, 45¼@46; No. 4, 43½@44½; No. 4, white, 43½@44½; No. 4, yellow, 45¼@44½.

Oats—No. 2, 34¾; No. 2, white, 32½@33; No. 3, white, 31½@32; No. 4, white, 31¼@31½; standard, 32@32¼.

THE FINANCIAL MARKET.

New York, Feb. 6.—Money on call steady, 2 to 2 1-2 per cent., ruling rate 2 3-8, olosing bid 2 1 4, offered at 2 3-8. Time loans steady; 60 days 3 per cent., 90 days 3 1-4, and six months 3 3-4. Prime mercantile paper 4 to 4 1-2 per cent. Sterling exchange steady with actual business in bankers bills at 4.8330 to 4.8340 for 60 day bills and at 4.8635 for demand. Commercial bills at 4.82 1 2 to 4.83. Bar silver 51 3-4. Mexican dollars 45.

DRY GOODS MARKET.

New York, Feb. 6.—Many retail buyers are now in the market. Trade in primary circles were quiet, cotton goods feeling the effect of lower speculative prices in the staple. Printed goods in staples and in fine yarn cloths are in good call. Dress goods for Fall are being opened steadily at price-levels showing some revision downward, from the top values of a year ago.

NAVAL STORES.

Virginias—Market, firm, at 3¾@4¼c. for Jumbos; 3½@3⅝ for Fancy Hand-Picked; 3c. to 3¼c. for Machine Picked; 2½@2¾c. for Shelling stock.

Why is Sugar Sweet?
If sugar did not dissolve in the mouth you could not taste the sweet. GROVE'S TASTELESS CHILL TONIC is as strong as the strongest bitter tonic, but you do not taste the bitter because the ingredients do not dissolve in the mouth but do dissolve in the acids of the stomach. Is just as good for Grown People as for children. The First and Original Tasteless Chill Tonic The Standard for 20 years, 50.

LIVERPOOL COTTON MARKET.

Spot Good Business Done, Prices Four Points Lower.

Liverpool, Feb. 6.—Spot good business done, prices four points lower. American middling 8.53; good middling 7.91; middling 7.79; low middling 7.59; good ordinary 7.33; ordinary 7.08.

The sales of the day were 10,000 bales of which 25,000 were for speculation and export and included 9,900 American.

Receipts 11,000 bales including 10,500 American. Futures opened easier and closed quiet and steady. Feb. 7.5g 1-2; Feb. and March 7.55 1-2; March and April 7.57 1-2; April and May 7.58 1-2; May and June 7.60; June and July 7.59; July and August 7.58; August and Sept. 7.42 1-2; Oct. and November 7.04; Sept. and Oct. 7.18; Nov. and Dec. 6.98; Dec. and Jan. 6.98; Jan. and Feb. 6.98.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

ANNOUNCEMENT
The Gem Vulcanizing Works of Schenectady, N. Y., announces their removal from the Auto Co's. Garage to Market and Second streets. During the past three months we have made repairs for scores of local and out-of-town autoists. Every repair proves the merit of our work—not one failure.
Every patron our reference. Ask Them.
Tire expense is too great to trust to novices. Our years of experience enables us at a glance to tell whether the tire will pay to repair or not. If accepted, we guarantee our work or money cheerfully refunded. A trial will insure your future patronage.
Bring your work to us. We will save you much money and endless troubles. Old tires and tubes bought.

OROZCO NEAR JUAREZ.

Surprise Attack May Be Expected—Mexico Situation.

El Paso, Texas, Feb. 6.—It was learned definitely tonight that Pasqual Orozco, leader of the insurrectos forces is at Rancheria, about 15 miles south of Juarez with his entire command. What he intends to do is a matter of conjecture.

As to his immediate plans of campaign, advices are equally conflicting. One report says that Orozco plans to go south tonight to meet General Navarro's Federal troops, marching overland Chihuahua to the relief of Juarez. Another says Juarez is the objective point of Orozco and that he is planning a surprise attack.

Although business in Juarez was partially resumed today, there is considerable nervousness among residents.

Laredo, Texas, Feb. 6.—Without explanation, announcement was made tonight that the Mexican Telegraph Company had commandeered all telegraph wires. Fast upon this came rumors of a revolutionary outbreak at Saltillo in the State of Chahuila, but confirmation of this report was lacking. However, a more plausible explanation of taking over of the wires is that the government telegraph company probably will utilize the lines through Neurvo Laredo, to clear up the crush of business occasioned by developments near Juarez.

Nogales, Ariz., Feb. 6.—President Sandoval, of Nogales, Sonora, tonight said:

General Torenzo Torres has not been defeated near Tonichi as reported; we hear from him day to day. He has established headquarters at Tonichi with the idea of protecting southern Sonora, from rebel bands fleeing westward from Chihuahua.

"I received a telegram today from General Torres at Hermosillo, saying that 500 Federals under Colonel Rabago had entered Ciudad Juarez, after having defeated the rebels with a loss of 80 killed."

SNOW STORM IN CHICAGO.

Streets Filled With High Drifts—Loss Will be Heavy.

Chicago, Feb. 6.—The snow storm which struck Chicago early yesterday, filling the streets with huge drifts delaying railroad transportation and temporarily tying up street car and elevated train service, passed on to the East today. The storm center moved eastward to Indiana and the United States Weather Bureau tonight predicted clear weather for the Middle West tomorrow.

The loss in Chicago to traction companies, telegraph and telephone companies, and the city is estimated tonight at $1,000,000. Surface transportation companies, which had struggled long during the day, came almost to a standstill in the loop during the rush hours tonight.

The situation became worse tonight when the temperature dropped to freezing and sleet covered the drifts with ice, which can be removed only with difficulty.

Two fatalities and numerous accidents on account of snow and ice were reported to the police.

Fredericksburg, Va., Feb. 6.—Mrs. Carnie Payne, of Westmoreland county, found her youngest child, a boy, 18 months old, lying dead in her home today. Only a few moments before she had left him playing with his three-year-old sister. It is supposed that the infant was struck accidentally with a piece of wood by his sister.

Falls Victim to Thieves.

S. W. Bends, of Coal City, Ala., has a justifiable grievance. Two thieves stole his health twelve years. They were a liver and kidney trouble. Then Dr. King's New Life Pills throttled them. He's well now. Unrivaled for constipation, malaria, headache, dyspepsia. 25c at R. R. Bellamy's.

MORE STRINGENCY IN LIQUOR LAWS

(Continued from Page 1.)

fox hunting in Moore and Lee counties.

Graham, of Orange: Authorize the commissioners of Orange to issue bonds for new court house and jail.

Hiatt, of Yancey: Regulate hunting and fishing in Yancey; also validate certain acts of the commissioners of Yancey; also regulate the carrying of concealed weapons in Yancey.

Passed and Sent to House.

Amend road law of No. 6 township, Cleveland county. Authorize commissioners of Orange to issue bonds to improve roads. Incorporate North Carolina Interurban Railway Company. (Amended by committee.) Protect owners of land in Guilford and Cumberland counties in the enjoyment of their rights. (For concurrence in the Senate amendment.)

Passed and Ordered Enrolled.

Authorize Murphy township, Cherokee county, to issue bonds for road improvement. Improve public roads of Bertie. Provide for good roads in Elkin township, Surry county. Improve roads of Clay. Provide for improving the roads of Macon. Allow bond issue for Fayetteville graded school. Authorize commissioners of Polk to issue bonds to pay floating debt. Authorize city of Raleigh to issue bonds for public improvements. Provide for road improvement in Madison. Incorporate Unionville, Union county.

Action Deferred on Number of Bills.

The bill to regulate the speed of automobiles and prescribe penalty for violation was reported with a substitute by the committee on Propositions and Grievances authorizing commissioners and boards of aldermen in incorporated towns to regulate the speed limit. Senator Barham, of Wayne, explained that the State law limits the speed in business districts of towns to eight miles an hour, in residential sections to 12 miles and on country roads to 25 miles an hour. The bill was debated by Senators Rascoe, Bassett, Kitchin, Brown and Martin, of Buncombe, and a motion of the last named to defer action until tomorrow prevailed.

Action was also deferred on the bills relative to the appointment of guardians and to extend the privilege of exchanging free transportation conferred upon railroad companies in this State to other common carriers subject to the laws of this State.

The bill to establish and maintain public libraries was re-referred to the Judiciary Committee and the bill to establish and operate traveling libraries was re-referred to the Committee on Appropriations.

A message from the House transmitted ten bills, all of which were purely local except the Kent bill to prohibit the sale of near beer, beerine and other like drinks and the bill to establish a State Board of Accountancy. The near beer bill was referred to the Committee on Propositions and Grievances.

The Senate at 1:15 adjourned until 11 o'clock Tuesday.

House—34th Day.

Representative Doughton, as speaker Pro Tem., presided over the House today in the absence of Speaker Dowd, convening the session at noon. The opening prayer was by Representative Latham, of Beaufort.

Representative Rodwell presented petitions asking for the Torrens system of land titles to be inaugurated in North Carolina.

A petition through Representative Stroup, from the Lowell Cotton Mills asked that there be no legislation relative to hours of labor.

During the reports of committees favorable reports came from the Committee on Corporations for the bill to incorporate the Davidson Interurban Railway Co., from the committee on counties, cities and towns, to amend the charter of Elizabeth City, amend the charter of Black Mountain.

New Bills Introduced.

Stimson: Resolution from the Winston Board of Trade urging the erection of an administration building at Raleigh by the State. Also resolution from the same source recommending the establishment of a State Board of Trade.

Battle: Amend the Revisal relative to theatrical shows at Chapel Hill.

Pace: Have Union label used on public printing.

Quickel: Amend Lincolnton graded school law.

Spainhour: Amend laws of 1909 defining the duties of sheriffs in regard to illicit distilleries so as to allow sheriffs $40 fees for convicting a distiller and $5 for arrests where conviction fails.

Spainhour: Relative to fares on trains so that conductors shall not collect but five cents extra where distance is not over 30 miles.

Anders: Protect the roads and highways of the State.

Kennedy: Amend the charter of Roseboro: For the relief of members of military companies.

Kent: Regulate rainbow trout fishing in Caldwell and Mitchell. Regulate distribution of samples of patent medicines.

Carter: Amend marriage laws so as to prevent marriage between first cousins.

Carr, of Durham: For jurisdiction of records of Confederate soldiers.

Long: Prohibit use of fire crackers in Haw river. Appoint justices of the peace in Alamance.

Ramsey: Amend salary law of Madison.

Dixon: Amend charter of Pollocksville.

Connor: Regulate nominations of candidates for public office in Wilson.

Ray: Establish high school district in Macon.

Hoffler: Appoint justices of the peace in Gates.

Ewart: Amend payment of dividends to stockholders.

Ross: Require additional services of the chairman of the board of commissioners of Harnett.

Ewart: Amend his House bill to make prohibition effective in North Carolina. The bill already makes the only means of obtaining intoxicants through physician's prescription backed up with affidavit of party obtaining it that it is for sickness only and he would further amend to make the purchase of whiskey from a blockader or blind tiger a misdemeanor. Bill and amendment are in the hands of the Committee on Liquor Traffic.

Wilson Negroes Good Citizens.

Representative Connor, speaking to personal privilege, said in behalf of the colored people of Wilson county that he wished to say that the recent crime committed there was by tramp negroes from another county and that the colored people of Wilson are giving every assistance in trying to run down the criminals. No county in the State has a better class of colored citizens, law abiding, thrifty and industrious and he took pleasure in thus bearing public testmony to their worth.

Bills Passed Final Reading.

Amend the charter of Elkin. Incorporate Banner's Elk. Incorporate town of Proctor. Grant new charter for Whitakers, Edgecombe and Nash counties.

The Saluda Bill Passes.

The bill to place the town af Saluda wholly in in Polk county came up, Judge Ewart, representing Henderson county, argued at length against the bill. There had been lengthy litigation and arbitration between the two counties that had fixed the county lines in the territory involved, as they now are and he considered it not right for the Legislature to do anything to undo the present status attained after so much trouble. He claimed that there was one man who wished to get out of Henderson into Polk county for political reasons so that he might have better show for office.

Representative Spainhour, of Burke, Ray of Macon, and Representative Livingston, author of the bill, urged its passage, having as it did the unanimous favorable report of the Committee on Counties, Cities and Towns. The bill passed second reading.

On the third reading there was offered an amendment that the territory taken from Henderson county bear a part of the county indebtedness. Tais was voted down. Other amendments were voted down and the bill passed final reading and was sent to the Senate.

The House adjourned at 2 o'clock until 10 o'clock Tuesday morning.

GLENN SPOKE TO ASSEMBLY.

Urged Them to Break Deadlock—Dix Not for Sheehan.

Albany, N. Y., Feb. 6.—Governor Dix declared emphatically tonight that he has no idea of endorsing the candidacy of William F. Sheehan for the United States Senatorship.

"There is no truth in the reports that I am preparing a statement to be made in favor of the election of Mr. Sheehan," he said, "nor do I intend to make any such statement. My position on the senatorship is unchanged."

This statement set at rest rumors circulated during the day that the Governor had yielded to the pressure exerted to induce him to stray from his policy of non-interference and endorse Mr. Sheehan's candidacy. Both Tammany Leader Charles F. Murphy, and Senator Roosevelt, the insurgent leader, called on Governor Dix today. As Senator Roosevelt was leaving a friend inquired:

"I suppose you are prepared to continue the fight if it takes all Summer, as Mr. Murphy suggests?"

"Yes, until Fall," was the senator's rejoinder.

Reports of impending desertions from the insurgents' camp was denied tonight by Assemblyman Miller.

The 17th joint ballot on the senatorship today was as ineffective as those that have gone before, with no change in the relative strength of the candidates.

Former Governor Glenn, of North Carolina, in a speech before the Assembly, following today's joint ballot, declared that "the eyes of every State in the country are on the Legislature of the State of New York watching to see who is to be elected the next United States Senator."

"Don't wait too long," he cautioned, "or the present harmony that exists in the party will be upset. This would spoil our chances of electing a President of the United States in 1912."

ARREST WIRELESS OFFICIAL.

Officer of Southwestern Company for Using Mails to Defraud.

Washington, Feb. 6.—Postmaster General Hitchcock today was advised of the arrest at Louisville, of Wm. Russell, the alleged secretary-treasurer of the Southwestern Wireless Company, with headquarters at Louisville, which concern has been charged with using the mails to defraud. Some of the promoters of this concern were connected formerly with the Collins Wireless Telephone Company and are reported to have opened business in the South, when they suspected that the postal authorities were after the latter companies for using the mails to defraud.

The methods of this concern, which has been operating only a few months at Louisville, are reported to be similar to those of the Eastern companies, whose officers have been arrested by the postal authorities and are now awaiting trial.

New York, Feb. 6.—Miss Bessie C. Hunt, who contested an interlocutory decree of divorce obtained by he late husband, John H. Hunt, the millionaire "turpentine king," lost her case in the Supreme Court in Brooklyn today. In order to get her dower rights she had hoped to prevent the interlocutory decree being made final and prove it invalid by charging her late husband with a statutory offense.

Lynchburg, Va., Feb. 4.—Clinton DeWitt, aged 74, a resident here for 60 years, died today, following a stroke of apoplexy. He was a Confederate Veteran. For many years he engaged in mercantile and tobacco pursuits.

Pinehurst, N. C., Feb. 4.—Henry C. Bridgers, of Tarboro, N. C., won the final of men's singles at tennis for the February cup today on the default of H. E. Avery, of Detroit.

HEYBURN'S LONELY VOTE.

Unpopular Idaho Senator Makes Another Stab at South.

Washington, February 6.—A resolution granting the use of tents to the Confederate Veterans' reunion, to be held in Little Rock, Ark., next May, was adopted by the Senate today. The resolution was introduced by Senator Clarke, and was unopposed, except by the vote of Senator Heyburn.

New York, Feb. 6.—Augustus Post, the aviator, lost his action to have his marriage annulled on the ground that Mrs. Post had been married in 1871 to John S. Keaghey in Texas, and that a divorce she obtained in 1895 was not legal. The Supreme Court sustained the legality of the divorce.

STAR BUSINESS LOCALS

Advertisements inserted under this head one cent per word for each insertion but no advertisement taken for less than 25c. Additional words, more than 25, one cent per word. Unless the advertiser has a regular account, all advertisements under this head are STRICTLY CASH IN ADVANCE, the amount being too small to warrant a charge. The Star will send without charge, A. D. Quick Death to Hen Lice and Mites

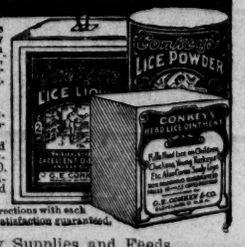
Hen lice, chicken lice, and mites, cost the poultryman more money than all the other items of poultry expense combined. They are responsible for more disease and more poor egg records than all other causes together. They infest brooders and roosting places, and multiply by tons of thousands a week. But they can be positively exterminated at a mighty small cost compared to the saving.

CONKEY'S INVINCIBLE TRIO—

Conkey's Lice Powder will kill all body lice. An unequalled disinfectant and a positive germicide. 25c; 50c; $1.00.

Conkey's Lice Liquid is a positive death dealer to mites and lice. A germicide and preventive. Penetrates crevices where powder will not. Harmless to fowls of any age. Qt. 35c; Gal. $1.00.

Conkey's Head Lice Ointment is the only positive exterminator on the market for the parasites that pester little chicks and cause them to droop and die. 10c and 25c.



These wonderful remedies sold in quantities to suit purchaser. Complete directions with each package. Used by thousands of poultrymen throughout the United States. Satisfaction guaranteed.

Essex-Model Incubators, Brooders and Poultry Supplies and Feeds.
